

## JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

### Enterprise Architecture Support to Portfolio Management and the Corporate Services Vision Environment, Contract HTC711-12-C-D002

#### 1. CONTRACTING ACTIVITY.

United States Transportation Command, DPO Support Division, USTRANSCOM/TCAQ-D, 508 Scott Drive, Building 1900W, Scott AFB, IL 62225-5357.

#### 2. NATURE AND/OR DESCRIPTION OF ACTION BEING APPROVED.

USTRANSCOM/TCJ6-S requires continued contract support for the “Enterprise Architecture (EA) Support to Portfolio Management and the Corporate Services Vision Environment” contract. This contract will be replaced by a combined contract that will include EA, Data, and Engineering for AMC, SDDC, and USTRANSCOM. The combined contract has a pre-award protest that will not be decided until 1 April 2014. The IDIQ and task orders that will provide the required services for the subject effort are expected to start on 15 June 2014. The previous six (6) month extension of service period to the current contract expires on 31 March 2014. Therefore, USTRANSCOM/TCJ6-S requires other than full and open competition for EA from TRIDENT3 to add an additional eleven (11) weeks to the existing contract to avoid a break in support.

Contract Timeline:

	Period of Performance	Months	Dollar Value
Original contract for one (1) year	1 October 2012 – 30 September 2013	12	\$3,703,431.60
Six (6) month extension	1 October 2013 – 31 March 2014	6	\$1,851,715.80
Eleven (11) week extension	1 April 2014 – 14 June 2014	2.5	

#### 3. DESCRIPTION OF SERVICES REQUIRED TO MEET THE AGENCY’S NEEDS.

The purpose of this requirement is to ensure the Enterprise Architecture (EA) continues to support Portfolio Management and the Corporate Services Vision Environment. Any lapse in EA support will have an immediate impact on USTRANSCOM and the Department of Defense.

It is in the best interest of the Government to have the existing vendor, TRIDENT3, continue this support for an additional eleven (11) weeks. Any other vendor would not have enough ramp-up time to become effective. The estimated time required to bring a new contractor on-board and up to the fundamental knowledge level required to support this effort is approximately 6 – 9 months.
