07/13/2011 10:28:55 Mr. John G. Will - DTEB - Approve : This is a test of the DM User Guide and not a valid vote/approval.

07/20/2011 11:29:55 Ms. Heidi M. Daverede - DLMSO - Abstain (no impact) : Minor comment: I presume that when this gets published in the IC, the X12 code and X12 definition will be explicitly defined, followed by a user note that says "Used to denote [insert the DOD definition]." This will be consistent with the other DTEB ICs that explain how codes are being borrowed.
