--------------------	--------	--	--------------------------------

Purpose: The tri-annual USTRANSCOM DTEB Committee meeting is held to update members on current activities and gain member input on current and future projects.

Agenda

- Welcome & Introductions
- Discussion
 1. Technical Secretary Report: ANSI ASC X12I Update
 2. Old Business - Open Action Items
 3. New Business - Open Discussion
 4. New Action Items
 5. Data Maintenance (DM and Implementation Convention (IC) Update
 6. Next Meetings
- Adjournment

Discussion

1) Technical Secretary Report: ANSI ASC X12I Transportation Subcommittee

- a) Last Meeting
 - i) 25 January, 2022– GoToWebinar
 - ii) Standing meeting for all Transportation subcommittee (X12I) activities
 - iii) Meeting minutes have been submitted to ASC X12 web site
 - (1) Minutes available upon request
- b) Next Meeting
 - i) June 27 through July 6, 2022, in San Antonio, TX
 - ii) We will attend virtually
- c) Subcommittee X12I - Transportation
 - i) X12I is responsible for the development and maintenance of components of the ASC X12 Standards related to the transportation industry's business activities, including air, marine, rail, and motor freight transportation and Customs, logistics and multi-modal activities.
 - ii) X12I also develops and maintains interpretations, technical reports and guidelines related to its areas of responsibility.
- d) Subcommittee X12I Chairperson:
 - i) Mr. Doug Anderson, Kleinschmidt Inc.
- e) USTRANSCOM's X12 Voting Members:
 - i) Primary: Mr. Dan Eisenberg TCJ6
 - ii) Alternate: Mr. Jim DeCarli TCJ6

2) Old Business – Open Action Items

- a) **AI # 2020.003** – Create a DM to remove two 858D Comments regarding Shipping Costs.

USTRANSCOM
LMI Midwest Regional Office
Scott AFB, IL 62225

- i) Status: **Closed**
 - ii) Action Item was to consider submitting a DM for 858D.
 - (1) Removing L1 (Position 150) Note referencing Shipping Cost
 - (2) Removing L104 comment referencing Shipping Cost
 - iii) “If no one is using it then we can remove it” – Ms. Sherry Verdu
- b) **AI # 2020.009** – Harmonized Commodity Description and Coding System (HS)
- i) Status: **Open**
 - ii) New DM 1324 created for 858R by TCJ6 on 2021-03-30
 - iii) Reason for Change: In response to the USTC Transportation Management System (TMS) Prototype Lessons Learned, USTRANSCOM systems must prepare for doing business with our commercial counterparts. While Air and Water Commodity Codes will continue to be used throughout the DoD, the ability to send, receive, and translate International Harmonized Commodity Classifications is already mandatory for Custom NGDS shipments (858D) out of EUCOM.
 - iv) The other twelve (12) ICs affected include: 214A, 300A, 304A, 310A, 315A, 856A, 856F, 858B, 858D, 858DA, 858E, and 858M.
 - v) “There are 4 sets of very similar code values - but not the same code - but they’re all in one table.” – Sam Clark
 - vi) Next Action: DTEB team will work with DTEB members to create the other 12 DMs required. This Action Item will remain open until all 13 ICs have been updated to include the Harmonized code values.

USTRANSCOM
LMI Midwest Regional Office
Scott AFB, IL 62225

- c) **AI # 2021.001** – HAZMAT Measurement Codes
 - i) Status: **Open**
 - (1) **LH106** – DE 355 - Unit or Basis for Measurement Code
 - (a) 858B – 14 Code Values
 - (b) 858M – “All” X12 Code Values (over 700)
 - (c) 858R – 21 Code Values
 - (2) **LFH05** – DE 355 - Unit or Basis for Measurement Code
 - (a) 858B – 10 Code Values (Same 10 as 858M)
 - (b) 858M – 10 Code Values (Same 10 as 858B)
 - (c) 858R – 21 Code Values
 - (3) Create two or three DMs to marry the HAZMAT measurement codes (LH106 and LFH05) from the 858R to the 858B and 858M.
- d) **AI # 2021.002** – Add Harmonized Code Values to DTEB 858D for NGDS
 - i) Status: **Open**
 - ii) NGDS (858D) requires Harmonized Commodity Codes for EUCOM Customs.
 - iii) John Mannino reported that European Customs is looking for Harmonized codes (previously Census Schedule B Import/Export codes) for shipments leaving EUCOM.
- e) **AI # 2021.003** – Further meetings concerning the future uses of Harmonized code values
 - i) Status: **Closed**
 - ii) Craig Matlock and Greg Hughes discussed the need for further discussions on how the Harmonized code values will affect GATES. This will be critical as GATES interfaces with both CMOS and DSS through the 858B and 858M. FACTS will be added to discussion.
 - iii) Discuss and prioritize which ICs need to have harmonized codes added first.

3) New Business - Open Discussion

- i) Frank Napoli MR 195 from the previous X12 meeting. This MR 195 is called “Repeating Segments (and Loops) that Use the Same Qualifier”. Frank brought up that in the Federal Government, a repeating segment/loop qualifier is expected and is integral to many business scenarios in the Government domain that are supported by X12-based transactions. The DoD should disapprove this MR.

4) Today’s Action Item Review

- i) **AI # 2021.005** – Client Representative from the DoD
 - ii) Greg Griffin emailed the POC for MTMS and DoD Client representative for CBP
 - iii) Michael (Mike) Ethington – HQ, Joint Munitions Command
 - iv) Kathryn Lawler – CBP DoD Client Representative
-
- i) **AI # 2022.001** – Engaging PM for MTMS (Munitions Transportation Management Systems)

**USTRANSCOM
LMI Midwest Regional Office
Scott AFB, IL 62225**

ii) Discussion to ensure there is not affect by the 858B codes being married to the 858M & 858R

- **Data Maintenance (DM) and Implementation Convention (IC) Update** Refer to 2021-07-22 DTEB Meeting

5) Next Meetings

- a) Relevant Planning Dates
 - i) X12 Meeting: June 23 through July 6, 2022
- b) Recommended dates for next DTEB
 - i) Primary: 28 July 2022
 - ii) Alternate: 4 August 2022
- c) Location
 - i) TBD, Scott AFB with virtual option
