

PROGRAM ANALYSIS & FINANCIAL MANAGEMENT

**U.S. TRANSPORTATION COMMAND
ENSURING OUR SPEND MAKES SENSE**

Together, we deliver.

The Program Analysis and Financial Management Directorate (TCJ8) formulates and integrates the command's budget while focused on the effective and efficient use of the command's resources. TCJ8 develops command fiscal policy procedures and resolves issues on use of the CCMD-wide \$13.5 billion Transportation Working Capital Fund (TWCF) budget. This Directorate is the focal point for financial integrating policies and procedures in coordination with our Transportation Component Commands and the Office of the Secretary of Defense. Additionally, the Directorate shapes strategic goals and ensures funding of critical initiatives through the Planning, Programming, Budgeting, and Execution cycle. TCJ8 is the fiscal Corporate Governance Process lead for establishing cost benefit analysis priorities of future investments in Capital Purchases.

Looking for a chance to make a difference? Look no further! We invite you to consider the rewarding and challenging career opportunity of serving as a Program Analyst & Financial Management civilian with the United States Air Force at US Transportation Command.
