

PCS JTF Personal Property Advisory #26-0041

Date: 26 January 2026

From: Permanent Change of Station Joint Task Force (PCS JTF) Defense Personal Property Management Office, Scott AFB, IL 62225

To: Military Service Headquarters Representatives, Worldwide Personal Property Shipping Offices (PPSOs), Personal Property Processing Offices (PPPOs), and Approved Department of War (DoW) Transportation Service Providers (TSPs)

Subject: Unauthorized use of U.S. Army Transportation Command (ARTRANS) Container Approval Numbers

1. This advisory, issued in coordination with ARTRANS Transportation Engineering Agency (TEA), serves as an official notice to DoW approved TSPs. The Envi company located in Vietnam is not authorized to use ARTRANS approved container numbers.
2. Containers manufactured by the Envi company are not currently approved for use in the Defense Personal Property Program (DP3). In the past, the Envi company has advertised and produced household goods shipping containers using ARTRANS/SDDC PAM 55-12 approval numbers 305-A, 305-B, 305-C, and 305-D without approval, consent, or oversight of the company that holds the approved ARTRANS container numbers.
3. All DoW approved TSPs must ensure that any household goods shipping containers used for personal property shipments under the DP3 are sourced from ARTRANS approved manufacturers. Procuring and using containers from unapproved suppliers may result in non-compliance with DP3 regulations.
4. For information on the approval process for household goods shipping containers for outside the Continental United States, please contact the ARTRANS TEA at usarmy.scott.artrans.mbx.tea-dpe@mail.mil.
5. For any questions regarding this advisory, please direct your inquiries to PCS JTF, DPMO TSP Performance Support Team at transcom.scott.tcj9.mbx.pp-perf@mail.mil.
6. This message was approved for release by the Chief of Operations, PCS JTF, Defense Personal Property Management Office.
