 - a) On NIPRNet, your local, installation, or Service level network configurations may result in the inability to access some or all of milSuite. If this happens, please submit a [trouble ticket](https://logincac.milsuite.mil/support/remedyform/?app=milsuite) (<https://logincac.milsuite.mil/support/remedyform/?app=milsuite>) so the milSuite Support Team can isolate and resolve the issue. Reports and external links render best using a Firefox browser.
 - b) For the small number of personnel who are unable to access milSuite, an offline version of the course is in development and will be released when complete. We ask that offline training **only** be used for individuals who are unable to access milSuite.
4. This course is a required prerequisite for nomination and designation to the COR, GSR, TIO/TIO-C, QAE, and TOO roles. Please review all training requirements for your particular role listed [GHC Training Requirements](#).
