1. The DPMO staff is pleased to announce the launch of its newest course in its suite of DP3 training, the ***DP3 Inbound Course 0D3A***. This course is intended to familiarize or refresh Defense Personal Property Program personnel on a variety of outbound personal property topics. This course supports or supplements the on-the-job, formal, or informal training provided by organizations to their personal property professionals. This course builds upon the foundation laid by the ***DP3 Foundational Course 0D1A***, which is a prerequisite for enrolling in this Inbound and future DP3 courses.
2. The course is live as of 29 July 2022 and hosted on milUniversity, a module within the [milSuite](https://www.milsuite.mil) platform at (<https://www.milsuite.mil>). The course address is <https://www.milsuite.mil/university/dppt/courses/dp3-inbound-course-0d3a/>.
3. Personnel with a valid DoD CAC, can access milSuite from any CAC-enabled computer or mobile device with a modern web browser that is connected to the Internet or the NIPRNet. On NIPRNet, your local, installation, or Service level network configurations may result in the inability to access some or all of milSuite. If this happens, please submit a [trouble ticket](https://logincac.milsuite.mil/support/remedyform/?app=milsuite) (<https://logincac.milsuite.mil/support/remedyform/?app=milsuite>) so the milSuite Support Team can isolate and resolve the issue.
