

USTRANSCOM Personal Property Advisory #20-0092

Date: 09 June 2020

From: USTRANSCOM Defense Personal Property Program Directorate (TCJ9), Scott AFB, IL

To: Worldwide Vehicle Processing Centers (VPC), Military Service Headquarters Representatives, Worldwide Personal Property Shipping Offices (PPSO), and Personal Property Processing Offices (PPPO)

Subject: Transporting Privately Owned Vehicles (POV) Within Japan

1. Please ensure widest dissemination to VPC contracting officer representatives, personal property counselors, and International Auto Logistics (IAL) contractor staff as appropriate.
2. Effective 15 May 2020, USTRANSCOM modified the Global POV Contract to include non-standard “quality of life” movement services for transporting POVs from Yokohama Port to Marine Corps Air Station Iwakuni, U.S. Fleet Activities Sasebo, Misawa Air Base, and the island of Okinawa. No modifications were required for POVs destined for U.S. Fleet Activities Yokosuka, Naval Air Facility Atsugi, U.S. Army Garrison Camp Zama, or other U.S. military installations in and around Tokyo proper due to the installations’ proximity to Yokohama Port.
3. Reminder for PPPO counselors: Since there are no physical VPCs in Japan, customers must schedule an appointment with IAL to turn in or pick up their vehicle. Counselors may point them to the contractor’s website, PCSmyPOV (www.pcsmypov.com), for appointment scheduling and other contact information.
4. USTRANSCOM added new information regarding quality of life POV services for Japan on Move.mil (www.move.mil). From the home page, click the drop-down arrow under “Moving Guide” and select the “Privately Owned Vehicles (POVs)” link. When the page loads, scroll down to read the content under “Shipping or Dropping Off Your POV to/from Japan.”
5. Send questions regarding this advisory to transcom.scott.tcj9.mbx.pp---pov-help@mail.mil.
6. This message was approved for release by the Deputy Director for Operations, Defense Personal Property Program Directorate, (TCJ9-O).
