A. QUALIFICATIONS

1. General:

a. Gender: The first-person singular pronoun is used throughout this TOS and refers to a person, partnership, or corporation submitting such tender.

b. TOS:

- (1) I understand this TOS, in addition to the *Defense Property Program International Tender* (IT) and *Defense Personal Property Program Domestic Tariff 400NG* (400NG), is binding for shipments with a pickup date of 15 May 2023 or later for applicable DP3 shipments I accept including shipments on Bill of Lading(s) (BL), or purchase orders, and will form a part of the conditions thereof.
- (2) I accept this TOS, in addition to the IT and the 400NG is binding until 14 May 2024 or until the government publishes new documents superseding 2023 Business Rules.

B. MUTUAL AGREEMENTS AND UNDERSTANDINGS

1. Service: I will use established, quality commercial practices to provide service in accordance with (IAW) the provisions of this Tender. If requested by the DPMO or DoD quality assurance inspectors, I will provide operating procedures or established company standards as needed. The DPMO will protect **labelled and identified proprietary information IAW law and regulation**.
2. Personnel: I will deliver quality moving and storage services to DP3 customers. I will service DP3 shipments with a trained, professional workforce that treats **Military Service (e.g., Army, Navy, Air Force, Marine, Space Force and Coast Guard) personnel and their families with respect; protects their home and belongings from damage; prioritizes prompt, accurate correspondence; and protects their personal information (e.g., personally identifying information (PII), telephone numbers, addresses, etc.) from inappropriate release**.
 - a. I will ensure a background check is conducted, in accordance with industry standards and at my expense, on all personnel whose role involves interacting with a DoD customer.
 - b. I will make employment records available to the DoD upon request, to the extent allowed by law. The DoD has the right to prevent certain employees from performing due to an unfavorable background check; **personnel with an unfavorable background will not be permitted to enter a military installation (e.g., fort, post, base, camp, station, etc.) nor are they authorized to service a shipment**.
 - c. I will ensure all persons interacting with customers on and off **installation** meet the specific requirements for local installation access as listed in DoD 5200.08-R , *Physical Security Program* (see <https://www.esd.whs.mil>).
 - d. I will only use personnel qualified in their assigned duties in the handling of personal property. Company representatives must present a clean, professional appearance.
 - e. I will ensure at least one English-speaking representative is available at all times when performing packing, loading and delivery services.
 - f. I understand smoking (including e-cigarettes) will not be allowed in the customer's residence, or within 50 feet of the customer's personal property.
 - g. I will not dispatch personnel to a DoD customer's residence who appear to be under the influence of alcohol or drugs, or in possession of a firearm. If at any time after dispatching, my personnel become under the influence of alcohol or drugs or are in possession of firearms or drugs or uses abusive language during the handling of DoD customer's personal property, I will replace said individual(s) immediately with other qualified personnel.
3. Through Responsibility:
 - a. I understand all shipments tendered to me must be moved under my responsibility

- from origin to destination.
- b. I understand that inspection or quality assurance actions are not considered proprietary or privileged information and may be disclosed publicly to Servicemembers and their families and in support of actions against an agent or in support of other program interests.
 - c. I agree that if through my fault, or the fault of my agent, I ship the wrong personal property or all or a portion of a shipment is sent to the wrong destination, I will be responsible for the return of the erroneous shipment and movement of the correct personal property to the customer's destination at my expense. Movement must be expedited when the customer is in need of the property as ordered by the Personal Property Shipping Office (PPSO).
 - d. I understand I am not liable for movement costs for shipments released in error by a DoD contractor, PPSO, owner, or owner's representative.
 - e. I understand if I am unable to perform in such a manner as to complete the through movement of a shipment in a timely manner, the government may take possession of the personal property and complete the movement. I understand I am liable for all additional costs incurred by the government in excess to those costs that would have been incurred if I had maintained total through movement of the shipment.
 - f. I understand that I may not double broker the property. In other words, I may not take possession of the HHGs, take a cut of the revenue, and pass the cargo to my own or a separate and licensed and bonded brokerage, who then takes another cut of the revenue, before arranging to load to an authorized motor carrier who carries the load to the destination.
 - g. Consistent with 49 U.S.C. § Chapter 139 – Registration, I can only be registered as a motor carrier, freight forwarder, motor carrier. Likewise, I understand that I may only act in one capacity under the DP3 program, as a motor carrier, a freight forwarder or broker, not in mixed capacity. Failure to act in accordance with your registration is subject to non-use and removal from the DP3 program. Each motor carrier providing transportation of household goods shall be responsible for all acts or omissions of any of its agents which relate to the performance of household goods transportation services (including accessorial or terminal services) and which are within the actual or apparent authority of the agent from the carrier or which are ratified by the carrier.
4. Reports: I agree to provide reports to USTRANSCOM DPMO as required and upon request.
5. Pickup at or Delivery to a Military Terminal:
- a. I understand when I have been notified an entire shipment is available for pickup at a military terminal (air or surface), I must pick up the shipment as soon as possible, but not later than (NLT) one Government Business Day (GBD) for military air terminals and NLT five GBDs for military water terminals from the date of receipt of notification.

- b. Upon delivery of a shipment to a military air or ocean terminal, I agree to provide the terminal with a memorandum copy of the BL describing the shipment.
6. Use of a DoD-Approved Alternate TSP:
 - a. I understand DPMO publishes a list of approved TSPs and a list of TSPs that have been disqualified or revoked. TSPs appearing on the disqualified or revoked lists shall not be used by other approved TSPs. I understand the use of aforementioned TSPs may result in punitive actions (e.g., removal/revocation from the DP3 program, non-use, suspension, etc.) against me (see DTR Part IV, Chapter 405, Quality Assurance, of this regulation). I will monitor the overall service performance of agent representatives providing relocation services at the origin and destination. The quality assurance plan will be in place to reverse trends of substandard performance.
 - b. I understand and accept that the performance of an alternate TSP I chose to use will be reflected in my Performance Score.
 - c. I understand the use of SIT/NTS or other local agents who are in a non-use status for origin or destination services in any capacity for DoD personal property shipments may result in punitive action.
7. Tracing Shipments: I agree to maintain awareness of shipment locations and will trace shipments upon request from a PPSO or the customer. I agree to acknowledge such a request and notify the requester of the shipment location within one GBD from the initial request domestically and within 72 hours (three GBDs) for international shipments.
8. Storage in Transit (SIT): I understand SIT at origin and/or destination must be in a DoD approved storage facility and may be approved based on the customer's ability to accept delivery. I will refer to the DTR, Part IV, Chapter 402, Shipment Management, IT and 400NG for further details. If shipment is placed in "SIT AT ORIGIN" at government's direction, I will notify the customer of placement into SIT to allow the customer to make arrangements at destination. Upon release from SIT at origin, I agree to notify the customer of the new RDD.
9. Weighing of Shipments:
 - a. I will weigh all shipments IAW the IT and 400NG and enter the shipment weight in Defense Personal Property System (DPS), within four (4) GBDs after shipment pickup date or prior to the shipment arrival, whichever is earlier, to allow the customer or PPSO the opportunity to request a reweigh. I will also provide the weight tickets to the origin PPSO within seven (7) GBDs after shipment pickup.
 - (l) Weighing of Professional Books, Papers, and Equipment (PBP&E):
 - (a) When PBP&E (also known as Military (M-PRO) or Spouse (S-PRO)), are included as part of the shipment, the weight of such articles will be annotated separately on the inventory; weight may be obtained using bathroom, certified platform-type, or warehouse scales.

- (b) In the event scales are not readily available, a constructive weight of seven (7) pounds per cubic foot may be used for PBP&E and the symbol will be inserted by the TSP or agent after the weight to indicate a constructed weight was used.

(2) Reweighing:

- (a) I agree to reweigh a shipment in accordance with the IT and 400NG.
- (b) Upon request of the PPSO or customer to witness the reweigh, the TSP must provide reweigh date and time to give a reasonable opportunity for the interested parties to be present at the weighing.
- (c) When a shipment is reweighed and the weight recorded is less than the net or gross weight secured at the initial weighing, I agree to update DPS by entering the lesser weight(s) prior to invoicing or within four (4) GBDs of reweighing, whichever is earlier, and to invoice the government on the lower of the two (2) net or gross weights. I will also provide the weight tickets to the origin PPSO within seven (7) GBDs after shipment pickup.
- (d) In the event the reweigh is not performed prior to initial invoicing, I will submit a supplemental invoice to refund any reduced charges based upon the new weight obtained.
- (e) I will reweigh all international shipments IAW IT Item 505 at destination to enable witnessed reweighs. Note: Some OTO locations don't have certified scales; therefore, exceptions may apply.

b. Lost Certified Weight Tickets:

- (1) When certified weight tickets are lost and otherwise unobtainable, I must request **prior approval from the PPSO** to utilize a constructed weight **in order** to be paid for services rendered.
- (2) Any request for payment based on a constructed weight must be in writing and contain a detailed description with all related documentation of the circumstances surrounding the loss of the weight tickets, to include all efforts to obtain certified true copies.
- (3) The TSP is required to submit a legible inventory, signed by the customer or designated representative of all items packed and transported at government's expense. Upon PPSO approval, TSP must use the Weight Estimator (located at <https://www.ustranscom.mil/dp3/weightestimator.cfm>, download Weight Estimator) to obtain the cubed weight for items. For all items not covered in the Weight Estimator, the cube will be converted to a weight basis using seven (7) pounds per cubic foot including PBP&E.

10. Removal of Property from Facilities Disqualified by DPMO: When the approval of

my facilities or the SIT warehouse is rescinded by the DPMO from further use, and it is considered necessary by the PPSO to remove the personal property to prevent damage or contamination, I will immediately move the property to another DoD-approved warehouse. The costs of such removal will be at no expense to the government or the customer.

11. Loss or Damage:

- a. I will exercise care to prevent loss or damage of personal property in the process of packing and unpacking and will protect personal property in my possession.
- b. I agree to follow all provisions outlined in the DP3 Claims and Liability Business Rules. The responsible TSP will submit a written "After Action" Report (AAR) within 10 GBDs to the DPMO for all unusual occurrence shipments which includes the BL number, the customer's name, the root cause of the unusual occurrence and efforts the TSP is taking to resolve. Once all mitigation efforts are complete, the responsible TSP will submit a written report of all known facts and events in chronological order.
- c. If a claim is not settled within the 60-day period, I will, at that time and at the expiration of each succeeding 30-day period while the claim remains pending, advise the claimant in writing of the status of the claim and the reasons for delay in making final disposition.
- d. I will ensure the DPS is updated with final action taken, including date and total amount of the settlement.
- e. I acknowledge that I am responsible for real property damage. Prior to a pack-out/delivery, I will install floor coverings in high traffic areas of interior areas (finished living spaces (e.g., floor coverings for entry and interior hallways). In addition, I will protect doorways in high traffic areas (e.g., entry doorways, etc.) prior to a pack-out/delivery. Upon arrival and before departure from residence, I will conduct a joint inspection (walk-around) with the customer and report real property condition and note any damages (interior and exterior) in writing to the member on the "DP3 Real Property Damage Form" located at https://www.ustranscom.mil/dp3/docs/otherpdfs/0300+2021_Business_Rules/Real%20Property%20Damage%20Form%201%20Feb%202021.pdf. I will advise the customer they must notify the responsible TSP within seven (7) calendar days of the damages occurring during the pack-out/pickup/delivery regardless of whether the damage was reported on the form. My seven (7) calendar day notification starts on the first day after the pickup/delivery dates. My failure to provide a point of contact for real property damages negates the 7-calendar day period. I must arrange for a repair firm to inspect real property damage within 15 calendar days of notification by the customer. The customer must request a claim and seek recovery or restitution directly from the responsible TSP. The TSP must allow the customer to file a claim for any damages to real property with the TSP. **I must provide the "DP3 Real Property Damage Form" to the customer at pack-out/pickup/delivery.**

12. Inconvenience Claim (IC):

- a. I hereby reaffirm it is my responsibility to pick up on the agreed date and deliver

shipments on or before the Required Delivery Date (RDD) as reflected on the BL, (i.e., to include short fuse shipments) and to meet the agreed upon delivery date out of SIT. When I am unable to meet these requirements, I must advise the customer on IC rules prior to the missed pickup, RDD or agreed upon delivery out of SIT as listed below.

- b. I understand the IC process provides a simplified method for DoD customers to account for inconveniences associated with my inability to meet agreed and/or required dates. I understand the IC is intended to offset expenses incurred by a customer and their dependents because they are not able to use necessary items in their shipment to establish their household such as furniture and/or appliance rental, air mattresses, towels, linens, pillows, and necessary kitchen items as detailed in 12.f. The per diem provides my company a method to calculate a baseline amount for IC payment by location for the customer. I understand that customers who are not able to use necessary items in their shipment to establish their household may incur actual out-of-pocket expenses beyond the baseline amount and I will review and consider those claims in accordance with the guidance in 12.d.
- c. I agree to acknowledge an IC from a customer or a PPSO within five (5) GBDs from the date of contact.
- d. Reimbursement:
 - (1) I agree to reimburse the customer within 30 days from contact. The amount applicable for reimbursement at pickup or the delivery location, as annotated on the bill of lading, is found using the government per diem rate for meals and incidental expenses (excluding lodging) at (<https://www.defensetravel.dod.mil/site/perdiemCalc.cfm>). I will compensate the customer for all days that result from my failure to pick up on the agreed dates and/or deliver on or before the RDD as stated on the BL or correction notice thereof, when the customer is available for delivery. I agree the claim will be computed beginning the day after the agreed upon date or missed RDD as specified on the BL. The payment will include the full meals and incidental expense rates for the DoD customer at affected location and number of days at the 100% rate. I will advise the customer they must file a claim with my company for payment and will outline the process for doing so.
 - (2) The maximum amount due as part of an IC payment without receipts is limited to seven (7) calendar days. In no case will payment be for less than the 100% per diem rate for the number of days impacted. Receipt free per diem applies only to the first seven (7) calendar days unless the claim exceeds the local per diem rate for Meals and Incidental Expenses (M&IE) for the member only. During the first seven (7) calendar days the customer is due the greater of the per diem rate or actual expenses as substantiated by receipts. Receipts are mandatory for actual out-of-pocket expenses that exceed the local per diem rate for the first seven (7) calendar days.
 - (3) Payment for the per diem rate is not applicable beginning on the eighth (8th) calendar day. Receipts are mandatory beginning on the 8th calendar day for all actual out-of-pocket expenses.

- (4) Should the customer claim actual out-of-pocket expenses which exceed the baseline payment amount, they will provide an itemized list of ALL expenses supported by receipts for reimbursement. This process affords DoD customers and families a method of collecting actual out-of-pocket expenses beyond the baseline amount. The customer will be authorized either the per diem amount or the actual out-of-pocket expenses, whichever is greater. All expenses claimed beginning the 8th day must be documented with receipts.
 - (5) Unaccompanied Baggage (UB): ICs for UB shipments will be solely based on actual expenses incurred and will follow the processes outlined in para 12.f.
 - (6) Disputed claim: I will make every effort to resolve any disputes with the customer. In the event I am unable to resolve the dispute, I will contact the origin PPSO (for missed pickup) or destination PPSO (for delivery) for resolution. Should I disagree with the PPSO resolution, I may appeal the case to DPMO within 10 calendar days of notification from the responsible PPSO. I understand the decision of DPMO is final and the claim must be settled within 10 days from the date of the final decision. Appeals will be sent to transcom.scott.tcj9.mbx.pp-claims@mail.mil. Reference para 12.f for details on expenses beyond the per diem amount.
- e. SIT:
- (1) I am responsible for an IC payment when a shipment goes into SIT if I fail to make two (2) documented unsuccessful attempts to contact the customer that are made six (6) hours apart. The customer is authorized an IC between the date placed into SIT and the first available delivery date (FADD) out of SIT.
 - (2) I am responsible for an IC payment in the event I do not meet an RDD, and the customer is not able to receive the shipment, due to good cause (i.e., hospitalization, training, etc.), on FADD provided by myself. The customer is authorized an IC between the RDD and the FADD. However, the request must be accompanied by proper documentation substantiating the claim (i.e., doctor's evaluation, orders, etc.).
 - (3) I am responsible for an IC payment when a shipment is placed into SIT and I am unable to deliver the shipment out of SIT within the following dates whichever is later:
 - a. Within seven (7) GBDs of the date the customer makes first contact requesting delivery or
 - b. Within two (2) GBDs of the requested delivery date when the requested date exceeds seven (7) GBDs from when the customer makes first contact requesting delivery.
- f. Actual expenses: The following guidelines apply to 1) UB shipments and 2) instances where a customer claims actual out-of-pocket expenses that exceed payments of the per diem baseline:
- (1) Actual out-of-pocket expenses are expenses incurred by a customer and their

dependents because they are not able to use necessary items in their shipment to establish their household. Expenses that may be reimbursed when establishing a household include, but are not limited to, laundry service, furniture and/or appliance rental (to include rental of a television), air mattresses, towels, linens, pillows, and necessary kitchen items; such as pots, pans, dishes, paper plates, and plastic ware.

- (2) Groceries are not eligible for reimbursement. Lodging and meals are normally not part of an IC but the government recognizes there may be unique circumstances that would require consideration. Exceptions to the minimum requirements (e.g., limited lodging and meals required due to unexpected inability to deliver) may be considered on a case-by-case basis. I must make customers aware that in instances where lodging or meals are approved it should be reasonable and usually will only be reimbursed for a short duration.
 - (3) Customers are required to document the claim fully with an itemized list of charges and accompanying receipts for charges incurred.
 - (4) A request for reimbursement of alcoholic beverages is prohibited.
 - (5) If I make an IC payment for durable household items such as towels, pots, and pans, etc., I may arrange to reclaim those items upon delivery of the customer's shipment.
- g. I understand that I am not liable for an IC payment if:
- (1) A delay was solely caused by natural disasters; acts of the public enemy; acts of the government; acts of the public authority; violent strikes; mob interference; or delays of Code J or Code T shipments that were caused by the government and my negligence did not contribute to the delay.
 - (2) The customer, or their designated representative, is not available for delivery (e.g., customer has not taken possession of their residence) on TSPs FADD, as long as the FADD is before RDD.
 - (3) The delayed shipment is comprised entirely of alcohol.
 - (4) The shipment went into SIT except as identified in 12.e above.
 - (5) The shipment is turned back due to the discovery of mold or infestation at time of pickup (except once mitigation is complete or if there is a negative finding in the event of suspected mold and new pickup and RDD is established)
 - (6) In the event of a catastrophic loss or in the event of requirement for mold remediation, IC liability will terminate 15 days after payment is received for essential items IAW Claims and Liability Business Rules.
- h. Report:
- (1) I will provide a monthly **report**, (twice a month between 15 June through 31 October

due on the 1st and 15th of each month, or first business day thereafter), to USTRANSCOM Defense Personal Property Management Office detailing all filed ICs (including completed payments), by BL, to transcom.scott.tcj9.mbx.pp-ops@mail.mil.

- (2) I understand I must report on all shipments with missed pickups, late deliveries, or otherwise exceeding the allowed delivery timeframes out of SIT.
- i. Turn-back Shipments:
 - (1) In the event I turn-back a shipment within 14 calendar days of the pickup date, I agree to reimburse the customer for actual out-of-pocket expenses if PPSO is unable to rebook shipment with the original pickup dates and the dates must be adjusted past the original pickup date request. I will be responsible for actual out-of-pocket expenses incurred from the original pickup date thru the new pickup date.
 - (2) In the event a turn-back or any other failure to service a shipment, results in the Services reimbursing the customer for an Actual Cost Reimbursement Personally Procured Move, I may be held responsible to reimburse the government for costs above the government constructed costs that exceeds the TSP's rates on shipment.
 - j. Missed RDD when customers were not available on a specific date due to mission impact:
 - (1) I am responsible for an IC in the event the customer was available for delivery on the missed RDD and were subsequently unavailable for delivery on the FADD, due to good cause. Good Cause is defined as a short notice mission/exercise, hospitalization, or convalescent leave of the customer on the specific date shipment was offered and placed in SIT after a "Missed RDD."

- b. Items of unusual nature such as, but not limited to, wall units, water beds, grandfather clocks, hot tubs, pool tables, pipe organs, wall-mounted or flat-panel TVs, and satellite dishes which may require special service by a third party require PPSO pre- approval (see 400NG or IT). I agree to disassemble, at the point of origin, all the items of personal property that, in my judgment, require disassembly to ensure safe transport and delivery at the destination, except items that are outdoors, such as swing sets, other playground equipment, television and radio antennas, and similar articles. I also agree to utilize the services of reputable professionals with a proven record of satisfactory performance.
 - d. All nuts, bolts, screws, small hardware, and other fasteners removed from articles for shipment must be properly affixed/packaged to allow for reassembly at destination. If packaged separately, items must be properly inventoried and cross-referenced to the associated inventory item in which the hardware belongs (i.e., “Nuts, bolts, screws for Inventory #55 - Baby Crib”).

- b. At the customer's request, articles may be packed in original containers when furnished by the customer, provided the containers are considered in good condition for shipping purposes.
- c. Linens, Clothing, Draperies, and Lightweight Items. I understand small, lightweight, unbreakable items (e.g., clothing items, linens and items normally kept in drawers) may remain in drawers instead of being removed and packed. When not considered as safe for carriage in drawers, chests, dressers, trunks, these and similar items must be packed separately. Clothing normally on hangers in closets and draperies must be packed in wardrobe cartons subject to the following:
 - (1) Upright wardrobes will be used for Code D shipments.
 - (2) Flat wardrobes will be used for all containerized shipments, except when upright wardrobes are requested by the customer.

- (1) I will ensure all POFs are removed from safe (if applicable) and packaged separately and inventoried IAW paragraph C.5 below.
 - (2) I am responsible to comply with appropriate local, state and country laws in the transport of firearms, including applicable interstate and international transport requirements.

 - (b) Written acknowledgement of receipt from the recipient of any package containing a firearm is required. Signatures can be on a BL, inventory, or TSP- generated receipt. Signatures are only required at the time of delivery, (i.e., not required at in-transit points as shipments move between TSPs and agents).
- h. Books will be placed in cartons or boxes. All books of similar size will be packed vertically together in rows. Padding will be inserted between rows and packed tightly to fill out the carton or box and to prevent chafing. Books normally will be packed in a 1.5 cubic foot carton and not more than two rows high.

5. Inventory:

a. I agree to:

- (1) Prepare an accurate, legible HHG Descriptive Inventory and understand that an electronic inventory that provides equal or better information is highly encouraged.

- (3) Provide the customer or customer's representative with the opportunity to identify in writing high-risk or high-value items or the optional use of a high-risk or high-value inventory.

 - (d) TSP must obtain customers electronic signature separately on each individual page.
 - (e) Inventory must not be editable once signed and provided to customer.
 - (f) TSP must provide the customer the electronic copy prior to departing the residence with the property. **TSPs must ensure they have appropriate functioning equipment to comply.**
 - (g) **In the event the TSP's equipment is not functional, the TSP must be able to implement a backup plan to include the use of a handwritten or hard copy inventory to accurately account for the customer's property prior leaving the residence.**
 - (h) Customer and PPSO must be able to view inventories, including all comments, conditions, exceptions, and signature in any subsequent email version.
- (5) Use care in listing of articles as specifically as possible to include make, model, color, and serial number when visible on the outside of the article.
 - (6) Identify cartons by type and cube with an indication of general contents (e.g., Book CTN, 1.5 cubic ft., linens, pots and pans, etc.) and will not use words such as “household goods/personal property” or other general descriptive terms in the preparation of the inventory.
 - (7) Ensure that my representative will use diligence to record any unusual conditions and ensure the inventory reflects the true condition of the property, and ensure the customer is aware prior to signing. The “Exception Symbols” and “Location Symbols,” as shown on the inventory must be used to describe the conditions accurately. The omission of these symbols will indicate good condition except for normal wear.
 - (8) Ensure that the customer has the opportunity to review the inventory contents, including conditions, and annotate exceptions on the inventory.
 - (9) Professional Books, Papers, and Equipment (PBP&E) & Consumables:
 - (i) Ensure that the term “M-PRO” is used to identify a military member’s PBP&E and the term “S-PRO” is used to identify a military spouse’s PBP&E on the inventory.
 - (j) PBP&E must be segregated between the military member’s PBP&E and spouse PBP&E, placed in separate cartons, marked, weighed and inventoried separately.
 - (k) Use of the term “consumables” will be used on the inventory when shipment of consumables is authorized for movement on a BL.

- (l) All PBP&E and/or consumable items will be identified as such on the inventory, together with the cube or weight of the container; a line entry item for each container (e.g., carton M-PRO/S-PRO, 6 cubic ft., 50 lbs).
- (m) The total weight of the PBP&E must be entered into DPS. When it is impossible or impractical to weigh the PBP&E or consumables, a constructive weight, based on seven (7) pounds per cubic foot, will be used.
- (10) I agree to annotate each privately owned firearm on the inventory by make, model, caliber or gauge, and serial number. Privately owned firearms manufactured prior to 1968 will be annotated as such on the inventory and acknowledged by the customer. Any other privately owned firearm without a serial number will not be packed in the customer's personal property and customers will be referred to the PPSO for alternate shipping options.
- (11) I agree for shipments moving in door-to-door container service, if the customer or PPSO permits me to partially containerize the shipment at the warehouse, each item removed from the residence must be annotated on the inventory as Containerized at Warehouse (CW).
- (12) I must use the same inventory prepared at origin to verify delivery at destination.
- (13) I must identify personal property by affixing a tag or tape to each article (not applicable to individual items in packing containers). Each shipment must be separately identified by lot and each article must be assigned a number that must correspond with the item number shown on the inventory form. The type of identification used and the method of affixing it to the article must be such as not to damage any article so identified.
- (14) I agree to identify items disassembled or serviced by my company at origin and record such items on the HHGs Descriptive Inventory. In addition, if the customer disassembles or services an item, I will annotate the inventory accordingly.
- (15) I must only use the term "miscellaneous" or its abbreviation "misc." to describe the contents of containers when the total items in a container are too numerous to list on the carton or inventory line item and then only if the room or area from which they are packed is identified (e.g., "misc.-youths room"). If such a description is used, I agree not to contest a claim for missing items related to the nature of such cartons.
- (16) I must annotate all electronics (e.g., stereo equipment, computers, and televisions) on the inventory with make, model, and serial number when they are visible on the outside of the item.
- (17) Use of bingo cards or check off sheets at delivery. I agree that I may use bingo cards or check off sheets as internal company documents only. However, a signed bingo card or check off sheet does not indicate proof of delivery and lost, missing or damaged items will still be indicated on the appropriate loss or damage forms.
- (18) Gun Safes:
 - (n) I understand, when a gun safe(s) is included as part of the shipment, the weight of

such articles will be annotated separately on the BL and on the inventory next to the line item.

- (o) I will identify the make and model of the gun safe(s) on the inventory.
- (p) I understand the gun safe(s) will be transported in the same way and to the same authorized location as HHG.
- (q) I understand that the weight of gun safe(s) will be determined in accordance with the 400NG and IT.

I must prepare a separate inventory for the overflow portion of a shipment or clearly identify which items were split and provide a copy to the customer at time of pickup.

7. Containers:

- a. I agree to use industry commercial practices in selecting containers to safeguard movement of personal property and I agree to use containers that meet or exceed military specifications when required (Reference: Surface Deployment Distribution Command (SDDC) Pamphlet 55-12).
- b. I agree that all shipments that require containerization based on the awarded code of service must be packed, placed in lift vans and closed at the customer's residence unless containerization at the warehouse is authorized by the customer or servicing PPSO. In such cases, items removed from the residence without containerization must be annotated on the inventory as Containerized at Warehouse (CW).
- c. Containers must be free from holes or other conditions that could permit the entry of water and to ensure covers, when closed, fit tightly and securely.
- d. All wooden containers and commercially designed containers that are not of a weatherproof nature must be properly protected from the elements when inclement weather conditions exist.
- e. I understand that TSP-owned or leased commercially designed shipping containers are authorized provided they meet or exceed ASTM-D6251.
- f. For all containerized shipments entering the Defense Transportation System (DTS) through a DoD operated aerial or seaport, I agree to complete a Two-Dimensional Military Shipping Label (2DMSL) and documentation requirements as listed in the IT.

NOTE: SSN must not be on the container unless it is part of the TCN. Failure to comply is a violation and action will be taken by the PPSO.

g. Container Marking and Labeling for Non-DTS Shipments:

- (l) I agree to stencil or label Codes 4, 6, 7, and 8 shipment containers. Individual shipment markings must be stenciled or labeled on two surfaces (one side and one end panel) of each container.

- (2) Place the following data on each stencil or label.
 - (a) FROM and TO: Name of Origin and Destination PPSO
 - (b) BL: Bill of Lading Number
 - (c) RDD: Required Delivery Date (Julian Date)
 - (d) TSP: TSP Standard Carrier Alpha Code (SCAC) code
 - (e) For: Customer's last name, first name.
 - (3) Old markings must be permanently obliterated. One copy of the customer's order must be placed in each container used to ship UB.
- h. Tamper Evident Seals for International, Code 2 HHG/UB Containers:
- (1) I will apply a tamper-evident seal which, if breached or missing, provides reasonable evidence that the container has been opened or otherwise tampered with.
 - (2) Seals will be placed at residence and seal numbers will be annotated on the inventory list. All exterior international and Code 2 HHG/UB containers and boxes, including overflow and oversize boxes and rug tubes or cartons, will be sealed with accountable tamper evident seals at the customer's residence, unless otherwise authorized by the customer. Sealing will be completed prior to any movement and the seal (control) numbers entered on the inventory, cross-referencing the container number.
 - (3) Two seals, at a minimum, for UB, will be used per box and tamper evident seals will secure the access overlap top and ends. If only two seals out of a set of four are used, the seals not used will be destroyed at the time of sealing or given to the customer.
 - (4) Four seals, at a minimum, on HHG, will be used per box and tamper evident seals will secure the access overlap door and side panels, **which may include non-removeable end panels.**
 - (5) I understand that in the event the seals need to be broken prior to delivery I must notify the responsible PPSO/PPPO and the customer and provide them the opportunity to be present. When available, the responsible PPSO/PPPO will make arrangements for a Quality Assurance (QA) Inspector to be present at the selected location within two (2) GBDs when the seals are broken. If the PPSO/PPPO is unable to provide a QA Inspector, I will contact USTRANSCOM at transcom.scott.tcj9.mbx.pp-perf@mail.mil. The containers will be resealed, notations made in DPS noting the new seals numbers, and shipment will continue in-transit to destination.
 - (6) In the event that seals are discovered broken in-transit, I will reseat the container(s), replace the broken seal(s), and annotate the circumstances along with the new seal numbers in DPS.
 - (7) I understand I must verify with the customer upon shipment delivery that all container seals are intact. In the event it is not discovered that the seals are broken until at the time of delivery, I will notify customer and will also document under General Remarks

in DPS.

If the shipment is to be delivered prior to the submission of the aforementioned documents, the origin or destination PPSO must be advised of the weight via DPS and/or telephone to allow for a reweigh request prior to delivery.
