CHAPTER 401  
GENERAL PERSONAL PROPERTY PROVISIONS  

A. PURPOSE  
This chapter prescribes procedures and guidance and assigns responsibilities for performing traffic management functions initiated or sponsored by Department of Defense (DoD) customers, United States (U.S.) Coast Guard (USCG) members and Nonappropriated Fund (NAF) employees for the movement and storage of personal property and mobile homes. This chapter does not apply to USCG civilian employees as their allowances are prescribed by the Federal Travel Regulation and Homeland Security policy.  

B. PROCEDURES  
1. The United States Transportation Command (USTRANSCOM), in conjunction with the Services/Agencies and theater commands, provides technical direction and supervision over all traffic management functions incident to DoD passenger, cargo, mobility, personal property movements, customs activities, and management of intermodal containers and System 463L pallet and net assets within the Defense Transportation System (DTS) during peace and time of war. Quality service to the customer is given primary emphasis in implementation and management of the personal property program.  

2. Military air and ocean transportation resources, under the control of the Air Mobility Command (AMC) or the Military Sealift Command (MSC), must be used to the maximum extent.  

3. The movement of household goods (HHG) by air is subject to the following considerations:  
   a. Personal property must be airlifted by AMC or commercial air Transportation Service Providers (TSP) and from those hard-lift areas designated by DoD Components.  
   b. Personal property shipments may be accomplished/made via AMC where Transportation Priority 4 (TP-4) tariff rates are available in other than hard-lift areas.  
   c. Commercial airlift as part of an International Through Government Bill of Lading (ITGBL) shipment may be used when both surface and AMC transportation between other than hard-lift areas do not satisfy the customer’s shipment requirements.  

4. Transportation shipment and cost data is captured in the Defense Personal Property System (DPS) and reported to USTRANSCOM annually on a fiscal year basis. Shipment and cost data is reported for Through Government Bill of Lading (TGBL) moves, Non-Temporary Storage (NTS), local drayage, Direct Procurement Method (DPM) contractual services/line-haul (LH), intratheater movements, and personally procured transportation payments. When shipments are transported via military airlift and sealift, such shipment and cost data must be included as well. Reports are due annually on 31 March. Shipment and cost data must, in turn, be provided by USTRANSCOM to the Services/Agencies and the Assistant Deputy Under Secretary of Defense (Transportation Policy) (ADUSD[TP]).  

5. Change notification to all rate solicitations must be coordinated with the DoD Components when they affect operations, policy, procedures, and/or affect cost of the program.
6. DoD activities are required to use the DTS services outlined in this regulation except when they are Service-unique or theater-assigned transportation assets. Required DTS services, for the purpose of this regulation, include all services provided by the Transportation Component Commands (TCC) and other agencies on their behalves.

a. Deviations or exemptions will not be approved unless the user establishes that the Defense Transportation Regulation (DTR) does not provide workable methods or procedures. The DTR accommodates technological improvements; however, prior to tests of innovative procedures within selected segments of the DTS, the DTR Administration Office and all Agencies concerned must be advised. DTR users involved in the development of advanced logistics systems must establish liaison with the DoD DTR system administrator. In addition, Service, theater commands, and Agency mobility plans must recognize DTR documentation requirements.

b. Maximum use will be made of Automated Information Systems (AIS), the Defense Switched Network (DSN), Electronic Data Interchange (EDI), electronic mail (e-mail), facsimile (fax), the World Wide Web (WWW), the Defense Message System, Automatic Identification Technology (AIT), and the Defense Data Network (DDN) to speed the exchange of DTR data. Services, agencies, and theater commands establish communications methods for clearance authorities, terminals, and related activities requiring DTR data.

c. DTR documents are not classified unless the sponsoring Service assigns a security classification in accordance with (IAW) DoD Manual (DoDM) 5200.01, Information Security Program, Volume 1-4. The General Services Administration (GSA) assigns a security classification IAW Office of the Administrator Publication 1025.2D, HB, Classified National Security Information. When so classified, the integrity of the classification is protected within the DTS. Classified cargo must be moved IAW procedures in DTR Part II, Cargo Movement, Chapter 205.

C. DTR PROGRAM ADMINISTRATION

1. In order to streamline the process for making changes to this regulation, coordination and publication of changes to DTR 4500.9-R, The Defense Transportation Regulation, are accomplished IAW Department of Defense Directive (DoDD) 4500.09E, Transportation and Traffic Management.

2. DTR Action Officer (AO) Working Group members will submit proposed changes via e-mail after coordination through their Service channels, as applicable, to the USTRANSCOM DTR administrator using a Comment Resolution Matrix (CRM). The body of the e-mail will contain:

a. **Subject:** Include DTR part number.

b. **Issue:** Explain the issue in detail.

c. **Systems Impact/Resource Implications:** Identify the known impacts on automated systems and interfaces, whether additional funding will be required to support systems changes, and the estimated timeline for implementation of systems changes. Identify any other known resource costs associated with the proposed change.

d. As described in the instructions included in the CRM, the proposed wording for the regulation will appear in the “comment” block and the “rationale” will include known advantages and disadvantages of the proposed change.
3. The DoD DTR administrator is responsible for staffing proposed changes via e-mail. Proposed changes will be submitted to the USTRANSCOM DTR point of contact (POC) via e-mail, utilizing the format identified in Paragraph C.2, above.
   a. Unless the proposed change is of a critical, time-sensitive nature, the proposed change will be held until the next anticipated update for that specific part of the DTR.
   b. Upon approval, formal changes will be released in one of three different formats: a completely revised/reissued publication, an interim update, or an “expedited change.” The coordination process is the same for revised/reissued publications and interim updates and is addressed in Paragraph C.3.c, below. Expedited changes are addressed in Paragraph C.3.d.
   c. AO group members will be notified by e-mail of a proposed change package. E-mail will provide a link to the coordination website established exclusively for staffing the proposed change. The AO group members will be able to access all files required for reviewing the proposed changes to include comment matrices. AO group members will have 45 calendar days to respond to the proposed change package. If an individual Service/Agency AO group member feels that the proposed change package requires internal coordination within their Service/Agency or with a field activity, they may do so provided that the additional input is consolidated into a single Service/Agency response. The 45-calendar day window should be adhered to in order to expedite the change process. When AO coordination has been obtained, this process will be essentially repeated with the Oversight Working group utilizing a 30-calendar day window. Upon approval, USTRANSCOM will publish the change.
   d. If a proposed change is of a critical or time-sensitive nature, the proposed change may be coordinated as an “expedited” change, at the AO and then the Oversight Working group levels, as outlined above. Unlike a formal change, an expedited change will typically address only one specific issue (e.g., an issue involving safety), and may be coordinated under an accelerated time frame, provided all parties agree.

4. DTR Oversight Working Group and AO Working Group Members are established for each of the individual parts of the DTR.
   b. As necessary, members may also include the Joint Staff (JS) J4, Combatant Commands, USCG, Defense Logistics Agency (DLA), Defense Contract Management Agency (DCMA), Defense Travel Management Office (DTMO), General Services Administration (GSA), Department of Homeland Security’s Customs and Border Protection (CBP) and Transportation Security Administration (TSA), United States Department of Agriculture’s (USDA) Animal and Plant Health Inspection Service (APHIS), and other Defense/Federal agencies as needed.

D. INDIVIDUAL MISSIONS, ROLES, AND RESPONSIBILITIES

For individual missions, roles, and responsibilities refer to [https://www.ustranscom.mil/dtr/individual_missions_roles_and_responsibilities.pdf](https://www.ustranscom.mil/dtr/individual_missions_roles_and_responsibilities.pdf).
E. ASSIGNMENT OF AREA OF RESPONSIBILITY (AOR)

1. This paragraph applies to all DoD-sponsored personal property shipments worldwide, but does not apply to the processing of claims for loss or damage to personal property. For claims procedures, see regulations of the Service/Agency concerned.

2. DoD Components:
   a. Establish or transfer the AOR in coordination with the Commander (CDR), Military Surface Deployment and Distribution Command (SDDC)
   b. Review and coordinate the Memorandum of Understanding (MOU) with the military staff Agencies' controlling manpower, resources, and funding
   c. Serve as the POC for activities and installations under their jurisdiction to resolve problems concerning the assignment of the AOR.

3. Transportation Officers (TO) (Personal Property Shipping Offices [PPSO]/Personal Property Processing Offices [PPPO]):
   a. Coordinate through Service/Agency command channels on all matters relating to the assignment of the AOR
   b. Develop and process, through command channels, information required for the preparation and processing of a MOU
   c. Initiate a MOU.

4. AORs are established in the Continental United States (CONUS) and Alaska, as well as all overseas areas, except as otherwise designated in the Personal Property Consignment Instruction Guide (PPCIG). The PPCIG can be found at https://tops.ppcigweb.sddc.army.mil/ppcig/menu/query/country.do.

F. INSTALLATION TRANSFER, ACTIVATION, AND DEACTIVATION PROCEDURES

1. Deactivation or Transfer of an Installation’s Assigned AOR.
   a. When responsibilities are to be transferred from one installation or activity to another, the losing installation or activity must prepare a MOU/Interservice Support Agreement (ISSA). A joint MOU/ISSA must be executed between the gaining and the losing installation or activity and a copy provided to the Service/Agency Headquarters (HQ). When an agreement cannot be reached at the local level, the matter must be referred to the Service/Agency HQ.
   b. The Service/Agency HQ must notify SDDC when agreements are final concerning the transfer of functional responsibility from one installation to another, the transfer of AOR, or the activation or deactivation of an installation. The notifications must be timely to allow updating of this regulation and the PPCIG and the establishment of overall operational procedures.
   c. All records and files must be transferred from the deactivated installation to the new responsible installation.
   d. Interservice and interdepartmental logistic support must follow the basic policies and principles prescribed in DoD policies.

2. Budget and Funding. Each Service/Agency is assigned specific AOR for providing program-related services to all customers, regardless of their Service/Agency affiliation. Within these AOR, each Service/Agency must provide administrative and operational support to the other Services/Agencies as a common service. Such common servicing does not apply to industrial
fund activities that provide service only on a seller-buyer basis. In these cases, the direct costs arising from the acquisition of services, including contract storage, bills of lading (BL), and packing and containerization must be provided on a cross-servicing basis IAW regulations of the Service/Agency.

G. PERSONAL PROPERTY COUNSELING

1. Personal Property Counseling:
   a. The DPS provides the PPSO and PPPO counseling capability, as well as customer self-counseling capability, for all activities associated with processing shipments and/or storage of personal property effects for customers. DPS counseling is available online 24/7 and may be accessed from most locations with a computer and Internet access. Users of the DPS must obtain an Electronic Transportation Acquisition (ETA) system account (https://eta.sddc.army.mil) to allow access to the DPS. During self-counseling, the DPS provides the customer allowance information based on Rank, Branch of Service, type of authorizations/orders, and special circumstances. The DPS also determines the responsible origin and destination shipping offices, provides customer information on what may/may not be shipped in HHG, and identifies both customer’s and TSP’s responsibilities at origin and destination.

   b. PPSO/PPPO counseling will be available for customers electing to be counseled on their shipment and storage entitlements by a PPPO/PPSO. PPPO/PPSO counseling will be conducted using the DPS. The PPSO/PPPOs must provide a capability to support personal property counseling services for all DoD and USCG customers requiring personal property assistance within their AOR. The PPSO/PPPO must inform customers of HHG and privately owned vehicle (POV) allowances, shipment restrictions, full replacement value (FRV), and TSP and customer shipment responsibilities. In addition, the counselor will assist the customer with obtaining an ETA account/password, provide familiarization with the DPS screen-shots and instructions and information on completing the Customer Satisfaction Survey (CSS), as well as contact information for technical assistance.

   c. Blue Bark shipments will be handled with the utmost sensitivity, which requires increased oversight by the PPSO/PPPO. DPS identifies each shipment with the word “BLUEBARK” clearly displayed next to the customer’s name. The customer’s next of kin (NOK) may require additional assistance utilizing the DPS to accomplish any of the shipment, storage, delivery, and/or claims processes. The PPSO/PPPO will provide the NOK all the assistance necessary, to include accessing ETA/DPS and/or communicating with the DPS help desk as necessary.

   d. DPS self-counseling will be available as follows:
      (1) Except as noted, customers may use the self-counseling module in the DPS to arrange shipment and storage of their personal property. Each of the Services has identified exceptions to the use of the DPS Self-Counseling:

      (2) Army Exceptions:
         (a) First/last personal property move
         (b) Storing or moving in conjunction with contingency orders
         (c) Storing or moving property in conjunction with a designated location move for dependents to an Outside CONUS (OCONUS) or non-foreign OCONUS location
(d) Not the property owner and using a Power of Attorney (POA)
(e) Moving personal property as NOK or summary courts officer.

(3) Air Force and Coast Guard Exceptions:
(a) First/Last personal property move
(b) Not the property owner and using a POA
(c) Moving personal property as NOK or summary courts officer.

(4) Navy Exception:
Moving personal property as NOK or summary courts officer.

(5) Marine Corp Exceptions:
(a) Not the property owner and using a POA (with PPSO/PPPO assistance)
(b) Moving personal property as NOK or summary courts officer (with PPSO/PPPO assistance).

(6) If the customer elects to use the self-counseling module in the DPS, the customer will be advised to obtain an ETA log-in and password and to maintain the log-in and password account for additional requirements in the DPS. The customer will also be advised to print a copy of the summary page of all the data entered in the DPS during the counseling session for reference use. Additionally, the customer must print, sign, and upload or save a digitally signed copy and upload the DD Form 1797, Personal Property Counseling Checklist, Figure 401-4 and the DD Form 1299, Application for Shipment and/or Storage of Personal Property, Figure 401-3, along with any other forms applicable to the move (e.g., customs forms and Alcohol, Tobacco, Firearms and Explosives forms). See the PPCIG for any country-specific custom form instructions. The customer is required to provide a signed copy of the forms and a copy of his or her authorization/order to the PPPO/PPSO. If the customer is unable to print the forms, the PPPO/PPSO must print and have the customer sign and upload the forms.

(7) During self-counseling, the DPS provides the customer allowance, FRV, and customer and TSP shipment responsibilities. In addition, the DPS provides information on the importance of completing the CSS, as well as contact information for technical assistance. For questions not addressed in the DPS, the customer should contact the local PPPO/PPSO for assistance.

(8) The customer can update any information in the DPS prior to the final submission of the application to the PPPO/PPSO for validation. If the authorization/order should change after the application is submitted either through self or PPPO/PPSO counseling, the customer must contact the servicing PPPO/PPSO to make necessary changes. If unforeseen events should arise after shipping arrangements have been made, the customer must immediately contact the PPPO/PPSO responsible for processing the shipment.

2. DPS should contain shipment application and counseling checklist information and generate the DD Form 1797, Figure 401-4, and DD Form 1299, Figure 401-3.
   a. Shipment Application (DD Form 1299). Any PPPO/PPSO will assist the customer or their authorized representative in preparing a DD Form 1299 regardless of the customer’s Service/Agency affiliation, and submit the signed DD Form 1299 to the responsible origin PPPO along with supporting documents. The PPPO/PPSO will print the DD Form 1299 and obtain a signature from the customer or authorized representative or save a digitally signed
copy. The original DD Form 1299, customer shipment authorization, POA or informal letter of authority, or the dependent travel authorization, and copies of all custom forms (when applicable) will be retained by the responsible PPPO/PPSO in the shipment file.

(1) Persons authorized to complete and submit the DD Form 1299, Figure 401-3, are:

(a) The customer.

(b) Any person acting under a current POA or an informal letter of authority signed by the customer.

(c) Dependent of customer (see Service regulations).

(d) Other persons as authorized by the customer’s DoD Component regulation.

(e) A commanding officer of an installation or the commanding officer’s designated representative.

(f) In cases of the customer’s death, DD Form 1300, Report of Casualty, Figure 401-5, DD Form 2064, Certificate of Death Overseas, Summary Court Officer Appointment Order, or the Official Bulletin Notice can be used instead of orders as an attachment to the DD Form 1299. Care will be exercised to ensure the property is shipped to the authorized next of kin or individual legally entitled to receive the property. (See DTR Part IV, Chapter 410.) Ensure “BLUEBARK” is annotated in a conspicuous place on all shipping documents.

b. DD Form 1797, Figure 401-4. The PPSO/PPPO will provide clarification and/or assistance (as needed) to customers utilizing the DPS self-counseling module. When the DPS self-counseling is not utilized by the customer, the PPSO/PPPO will address all items contained on the DD Form 1797 when briefing the customer on all information required for their shipment or storage. In addition, counseling will include (as a minimum) customer’s responsibilities to prepare for the move and their responsibilities during the time of pickup and delivery. The PPSO/PPPO must print the DD Form 1797 and obtain a signature from the customer or authorized representative and upload, or save a digitally signed copy and upload.

c. Professional Books, Papers, and Equipment (PBP&E) Allowances. PBP&E allowances have changed for customers whose PCS orders are issued 1 May 2014 and after. The new allowances limit PBP&E to 2,000 pounds net weight and no longer include personal computers and accompanying equipment, and/or awards presented for significant contributions while performing official duties.

NOTE: Customers whose orders were issued prior to 1 May 2014 are not subject to the PBP&E weight limitation and may include personal computers and accompanying equipment, and awards presented for significant contributions while performing official duties. Customers who have transported more than 2,000 pounds of PBP&E overseas prior to the change will be grandfathered and allowed to return the same amount to the CONUS. Please see the Joint Travel Regulation (JTR), Chapter 5, Subchapter 1: Part C, Paragraph 051304 (Service Members): Professional Books, Papers, and Equipment (PBP&E) and Required Medical Equipment, and Chapter 5, Part B, Section 5, Subsection g: HHG Weight (Civilian Employees Only) for further information.

d. Customer Briefing. Customers will also be briefed on unauthorized items, avoiding excess cost, Gypsy Moth, and shipment of alcohol and firearms (when applicable), TSP responsibilities to pack, pickup, one-time placement of items, unpacking and removal of debris, and any other applicable topics. DPS will provide a printed copy of the DD Form 1797, Figure 401-4, for the customer and the responsible PPPO/PPPO.
e. Paperwork Retention. PPSO/PPPO must retain a copy of the POA or informal letter of authority, or the dependent travel authorization, and copies of all custom forms (when applicable).

f. PPCIG. Counselors during PPSO/PPPO counseling must review the PPCIG with the customer for the most current information to ensure the customer is aware of shipment restrictions/prohibitions and to ensure shipments are consigned to the proper destination. During self-counseling, DPS must make the PPCIG available and advise the customer to review the PPCIG for shipment or import restrictions.

g. Customer’s Request for a Preferred-TSP. In the DPS counseling, a customer may request the use of a preferred-TSP. PPSO may honor a request for a preferred-TSP provided the preferred TSP is within the current shipment allocation quartile for the authorized origin and destination. The PPSO is not authorized to allocate a shipment outside (above or below) the quartile currently being utilized to award shipments between the authorized origin and destination.

h. Customer’s Request for Non-Use of a Specific TSP. If a customer requests a specific TSP not be tendered their shipment, PPSOs will honor this request provided the TSP is not the only TSP servicing the authorized origin and destination. The customer should enter this request in the counseling module in DPS.

i. Use of Containerized Service (e.g., Code 2). The PPSO is authorized to use Code 2 service when cost-effective, or when the PPSO determines it is necessary to meet the customer’s requirements. The associated cost comparison will use the rate on file for the next Best Value (BV) TSP scheduled to be allocated a shipment using the Code D and Code 2 Traffic Distribution Lists (TDL). If a customer requests the use of containerized service, the PPSO is authorized to honor this request, provided it is cost-effective, or when the PPSO determines it is necessary to meet the customer’s requirements. Establishing packing and pickup dates. Customers will be briefed that the TSP will perform a pre-move survey (on-site or telephonically) to validate the number of days required to perform all required services and to note any personal property requiring special attention. The customer and TSP can negotiate changes to any dates established during counseling. The TSP will complete the pre-move survey and update DPS with pre-move survey data (e.g., pack/pickup dates, and required delivery date [RDD] information) as soon as possible but not later than (NLT) 3 Government business days (GBD) prior to the pickup date.

j. Short-Fuse Shipments. For short-fuse shipments (notice of less than 5 GBDs), or for any changes, the pack/pickup dates must be finalized and entered in DPS NLT 1 GBD prior to the first scheduled pack/pickup date.

k. Pickup Dates. The customer may identify in DPS the desired pickup date. During the pre-move survey, the TSP may negotiate the actual pack and pickup dates and input those dates into DPS.

3. Mail-Out Applications. When preparing an application with a pickup address outside the preparing offices AOR, the counseling office will provide a minimum of 14 days between the date the application is submitted and the customer’s desired pickup date.
4. Delivery Dates. During counseling, the customer can request a direct delivery and identify a desired delivery date (DDD). The TSP and customer may negotiate multiple delivery dates; however, the customer and the TSP must establish an agreed (preferred) delivery date for entry into DPS. Once these dates are established in DPS, the TSP and PPSO will be allowed to print the BL.

a. RDD. DPS will display the RDD based on the Government-allowed transit time for the shipment weight, origin, and destination on the DD Form 1299. Counselors will advise customers that the DPS provided RDD (Government transit time) is a guideline and the customer’s DDD will be used as the RDD when booking the shipment. The customer’s DDD will become the RDD unless changed by further negotiation and agreement between the customer and TSP. Upon completion of the pre-move survey, if the customer and TSP have agreed to new dates, the TSP will enter the new agreed upon delivery date in the Planned/Agreed Delivery Date field in DPS. If the customers do not agree on revised dates, the TSP will meet the original RDD (Government transit time) and acknowledge this by reentering the original RDD (Government transit time) in the Planned/Agreed Delivery Date field in DPS. Counselors must encourage customers to be flexible when establishing pack, pickup, and delivery dates. The counselor, customer, and TSP working to establish realistic RDDs (planned/agreed delivery dates) increases the opportunity for a direct delivery and reduces the opportunity for loss and/or damage for the customer’s property and can save significantly in storage costs for the DoD.

b. Keeping Customer’s Information Updated in DPS. The customer must be counseled that it is essential to keep their contact and delivery information updated in DPS. The customer may update the information in DPS or request the PPPO/PPSO to update the information for them. The TSP and/or PPSO/PPPO must be able to contact the customer to assist in the movement of their personal property. Failure to maintain up-to-date contact and delivery information in DPS may result in shipment delays and unnecessary storage, which provides an increased opportunity for loss and/or damage.

c. Customer and TSP Communication. Communication between the TSP and the customer is imperative to achieve a successful move. The customer will receive a toll free number prior to pickup to allow direct communication with the TSP. The TSP must respond to the customer’s concerns within 24 hours from the initial call if received Monday through Friday and by close of business the first workday thereafter on inquiries received by the TSP on Saturdays, Sundays or legal (officially declared national) holidays. The customer should ensure any changes and/or updates to his or her contact information and/or moving requirements are directly communicated to the TSP. Likewise, the TSP should communicate directly with the customer any changes that may affect the status or desired outcome of the movement of their personal property. If the authorization/order should change or if unforeseen events should arise after shipping arrangements have been made, the customer should be counseled to immediately contact the PPPO/PPSO responsible for processing the shipment.

d. Loss and Damage and FRV.

(1) FRV is the TSP’s maximum liability on each domestic HHG (dHHG –CONUS) shipment, international HHG (iHHG – overseas) shipment, and international Unaccompanied Baggage (iUB) shipment:

(a) $5,000 per shipment or $4.00 times the net weight of the HHG shipment, or the gross weight of the iUB shipment, in pounds, not to exceed $50,000, whichever is greater.
(2) For damage discovered on the day of delivery, the customer must complete the DoD Personal Property Program (DP3) Notification of Loss or Damage AT Delivery form, Figure 401-1, which is provided by the TSP to the customer during delivery.

(3) For damage discovered after the delivery date, the customer must complete the DP3 Notification of Loss or Damage AFTER Delivery form, Figure 401-2, provided by the TSP at delivery, within 75 days of the delivery date. The preferred notification is via DPS.

(4) The customer must file their claim against the TSP in DPS within 9 months of delivery to be eligible for FRV.

e. Claims Counseling. If the customer’s property is lost or damaged during the move, they may file a claim against the TSP. The customer will have the option of quick-claim settlement (under $500) or filing their FRV claim against the TSP in DPS. The customer is authorized to submit claims based on FRV. The TSP has the right to repair items to pre-shipment condition. If the TSP elects to repair damaged items, the TSP is responsible for obtaining all repair estimates.

(1) The TSP may offer quick claim settlement for minor loss or damage (less than $500) within 5 days of delivery. Quick claim settlements are at the discretion of the TSP and are not reported in DPS unless the customer files an additional claim.

(2) If the customer must file a FRV claim for loss or damage, the FRV claim against the TSP must be filed through DPS. The customer and the TSP will also negotiate a settlement through DPS. The TSP must pay, deny, or make an offer within 60 days of receipt of a complete claim through DPS. The customer will have the ability to accept or reject the TSP’s offer on a line-by-line (item) basis.

(3) A DoD customer has the option to transfer his or her claim in DPS to the servicing Military Claims Office (MCO) after 30 days. In these instances the MCO pays the customer the depreciated value and then pursues the FRV claim with the TSP. After settlement with the TSP, if the FRV settlement exceeds the amount paid by the MCO to the customer, the customer will receive the difference.

f. Inconvenience Claims. It is the TSP’s responsibility to pick up and deliver personal property shipments on the agreed-upon dates as reflected on the BL. Failure to do so can cause serious inconvenience to the DoD customer and family, and can result in the expenditure of funds by the customer for lodging, food, rental/purchase of household necessities. When necessary the customer will be advised to file their inconvenience claim directly with the TSP for out-of-pocket expenses. The PPSO/PPPO must caution the customer that out of pocket expenses must be reasonable and relate directly to relieving a definite hardship when establishing a household. When there is a dispute between the customer and TSP, the PPSO/PPPO must ensure the TSP has met its obligations IAW the Tender of Service (TOS) (Appendix B). If the TSP fails to comply with the requirements set forth, the PPSO/PPPO may forward the complete inconvenience claim details package with a recommendation to HQ SDDC for resolution.

g. Real Property Damage. The Government is not responsible for damage to a customer’s residence in connection with (ICW) the movement of their personal property. When a PPSO/PPPO becomes aware of such damage, the customer will be counseled to note the real property damage on the TSP documentation provided at origin or during delivery. In addition, documentation should be signed by both the customer and the TSP representative. The customer will be counseled to seek recovery/restitution directly from the responsible TSP. For more information, contact the servicing base legal office.
h. **CSS.** The customer will be counseled that completion of a CSS is required within 7 days of each completed shipment delivery. The customer must be counseled to obtain and retain the ETA login and password to complete the CSS.

**NOTE:** Blue Bark shipments and Personally Procured Moves (PPM) are excluded from the CSS requirement.

**NOTE:** DPS will send a reminder (e-mail) to the customer if the CSS is not completed.

(1) The CSS consists of moving related questions and the customer’s comments will have a direct impact on the future shipment allocations to the servicing TSP. Based on Service policies, FRV for lost or damaged personal property shipments may be contingent upon completion of the CSS. The Service HQ will take the necessary measures to ensure maximum completion of the CSS. Customers must acknowledge the following statement (in writing) prior to shipment:

> “I understand that I am required to complete the DPS Customer Satisfaction Survey (CSS) upon completion of my shipment. Failure to do so may result in my Service being notified.”

i. **WWW.MOVE.MIL.** A website to provide the PPSO/PPPO and the customer with a capability to access DPS and to review and/or download moving information pertaining to DP3 and DPS. The latest information and updates can be found at [https://www.move.mil](https://www.move.mil).

j. **Personal Property Brochures.** DTR Part IV, Attachments K1 through K5, contains critical personal property information that must be provided to the customer. Counselors will provide the customer with a hard-copy or website URL for the brochures applicable to the shipments being made. The available personal property brochures are “It’s Your Move, K1, Uniform Members”; “It’s Your Move, K2, DoD Civilian Employees”; “K3, Shipping Your POV”; “K4, Storing Your POV”; and “K5, Moving Your Mobile Home.”

k. **PPM.** PPMs performed under DP3 (using DPS) will be based on the Government (Transportation) Constructed Cost (GCC) using BV. BV is determined by using performance scores (PS) (CSS and claims information) and rates on file. For detailed information on PPM, refer to this DTR Part IV, Chapter 411, and Service regulations.

l. **Shipping alcoholic beverages and tobacco products.** When country restrictions allow, liquor/alcoholic beverages and tobacco products may be either shipped within a customer’s HHG shipment or shipped separately. All shipments that exceed the duty-free allowance are subject to duty payments. The Government is not responsible for any fee or customs charges. For additional information, see DTR Part V, Chapter 502.

5. **Customer Responsibilities.** The counselor will advise the customer of his or her responsibilities during the movement process. The customer must:

a. Inform the TO, upon receipt of orders or alert notice, of the desired movement date and all other information pertinent to the move

b. Immediately notify the TO of any change in orders or other information affecting the allowances to ship, store, or accept delivery of personal property

c. For import/export shipments, consider completing the Confidentiality Request form to protect certain personally identifiable information (PII) from being shared with the public IAW 19 CFR 103.31. See [http://www.move.mil/](http://www.move.mil/), “Quick Links” for request form and instructions

d. Establish a realistic RDD with the origin TO
e. Ensure all items of personal property are ready for packing or shipment before the anticipated packing and pickup date
f. If shipping a POV, deliver the POV to the Vehicle Processing Center (VPC)

   c. For Blue Bark shipments, the customer’s NOK may require additional assistance utilizing the DPS to accomplish any of the shipment, storage, delivery, and/or claims processes. The PPSO/PPPO will provide the NOK with all the assistance necessary, to include accessing ETA/DPS and/or communicating with the DPS help desk as necessary.

I. PPSO REQUIRED REGULATIONS
Appendix K contains a list of publications considered essential for a successful program at a PPSO. PPSO requirements for these publications must be submitted through their established publications distribution channels.

J. FORMS SUPPLY
Any reference to forms in this regulation applies to the specific form discussed or an authorized automated version. Unless otherwise specifically stated, all forms discussed in this regulation are available through normal forms supply channels and/or generated in the personal property automated system.

K. PERSONAL PROPERTY ADVISORY (PPA)
A PPA identifies information to facilitate day-to-day operations. SDDC issues a PPA to identify particular areas of interest to PPSOs and Industry. PPSOs must determine the applicability of a PPA to their operation and take appropriate action. USTRANSCOM, Services, and/or TSPs may request SDDC to publish a PPA. SDDC must assess appropriateness of issuing a PPA and obtain required coordination with USTRANSCOM and the Services prior to issuance. SDDC will publish PPAs on the SDDC website and disseminate to USTRANSCOM, Services, and Industry.

L. CSS
