   d. The number and type of packages
   e. The price per shipment and value of the shipment
   f. The gross weights and cubes of the shipments
g. The shipment’s customs clearance paperwork with the shipper’s signature.

2. This applies to all of the sites within the USCENTCOM AOR except for Jacobabad AB, Pakistan. Shipments to this location must only be sent via Military Airlift (MILAIR).

D. AFGHANISTAN

1. The Resolute Support (RS) International Customs Coordination Cell (ICCC) has been established to provide RS with a primary POC for customs policy, prioritization, and interface with the Government of the Islamic Republic of Afghanistan (GIRoA) Ministries. The ICCC coordinates RS customs policy, persistently engaging with the Afghanistan Customs Department (ACD) and other Afghanistan Customs Organizations and Officials to enable freedom of movement for RS cargo, fuel, and supplies; reduce customs associated costs; and resolve customs problems. In coordination with other customs and borders stakeholders, ICCC partners with ACD to build long-term effective and sustainable Afghanistan customs capability. The POC information for the Director of ICCC is cj4ccsocc@hq.rs.nato.int or DSN 318-449-5646.

2. Roles and Responsibilities:

   a. **U.S. Embassy**: The U.S. Embassy issues Diplomatic Notes (Dip Note), Figure 512-6, addressed to the Afghanistan Ministry of Foreign Affairs for all shipments of U.S. Government property entering or leaving Afghanistan. The Dip Note certifies that the shipment is exempt from Customs duties and taxes.

   b. **DoD Customs Cell**: The DoD Customs Cell was established within the General Services Office (GSO) of the U.S. Embassy to facilitate the import of all U.S. Military fuel and the import/export of all U.S. military cargo. This cell consists of a Liaison Officer from the Defense Logistics Agency Energy, two Liaison Officers from Military Surface Deployment and Distribution Command (SDDC), and three locally employed staff members. The cell’s contact information is as follows:

      (1) All customs-related memorandums will be addressed to “United States Embassy, Kabul, Afghanistan, ATTN: DoD Customs Cell.”

      (2) The group e-mail address is KabulDODCustoms@state.gov.

      (3) The DSN phone number is 318-237-3912 (Embassy Operator). Ask to be transferred to the SDDC Liaison Officer to the United States Embassy Afghanistan (USEMB-AF LNO) or staff member by name.

      (4) The DoD Customs Cell regularly meets with Transportation Service Provider (TSP) representatives and/or shipping expediters to receive and return customs clearance documents daily at 1000 hours and at 1500 hours, Sundays through Thursdays (excluding U.S. Government and Afghanistan national holidays). This exchange takes place at the pedestrian entrance to the U.S. Embassy compound (North-West Gate), which is accessible from Great Masood Circle. This entrance is guarded; however, there are no special access requirements other than photo identification.

   c. **SDDC USEMB-AF LNO**: The USEMB-AF LNO is authorized to issue Dip Notes on behalf of the U.S. Embassy for U.S. military cargo. The primary responsibility of the SDDC USEMB-AF LNO and his or her staff is to facilitate the import and export of U.S. military cargo by insuring that the required documentation is properly submitted to the GIRoA. As part of these duties, the SDDC USEMB-AF LNO routinely engages Afghanistan ministry officials on matters related to these shipments.
d. **Authorized Signers of Customs-Related Documents:** Individuals who are authorized by their respective Deployment and Distribution Support Team (DDST) to sign and stamp customs-related documents to include Import Tariff Memos, Border Crossing Memos, and T1 Forms must be introduced to the GIRoA. In addition, a memorandum from the respective DDST is required, specifying the signatory’s full name, official title, assignment, and scope of authority. A signature specimen accompanied by an official stamp must appear on this memorandum (Figure 512-1). The memorandum is submitted with an accompanying Dip Note to the Ministry of Foreign Affairs for recording and distribution to the Ministry of Finance (MoF), Department of Customs and Revenue. Only authorized representatives of SDDC who have been introduced to the GIRoA may sign customs-related documents.

3. **SDDC Cargo:**

a. **SDDC Cargo.** Cargo is considered SDDC cargo if the cargo meets any of the three following criteria:

   (1) It is booked through the Integrated Booking System (IBS) and initially funded with Transportation Working Capital Funds (TWCF).

   (2) It is moved on a U.S. Army Central Command (USARCENT) contract by air to Navoi and then trucked to Afghanistan.

   (3) It is part of a contracted move from Iraq using the Global Freight Management System (GFM).

All other cargo is considered non-SDDC cargo and must follow procedures in Paragraph D.4 below.

b. **TSPs.** The TSP will be responsible for preparing, submitting, and expediting documents through the Afghanistan Customs Clearance Process IAW the procedures described herein, IAW the provisions of Universal Services Contract XX (USCXX), and based on the operational guidance provided by the 831st Transportation (Trans) Battalion (Bn).

c. **Import Procedures:**

   (1) The 831st Trans Bn DDST at Bagram Airfield produces an Import Tariff Memo (ITM) (Figure 512-2) and sends this by e-mail to the SDDC USEMB-AF LNO.

   (2) The SDDC USEMB-AF LNO and/or staff verify that the information contained in the ITM is complete and satisfies the requirements of Afghanistan Customs. The ITM is recorded and sent to the Afghanistan Customs Department, the Inland Customs House, and the Border Crossing Point by e-mail. See Figure 512-3 for Afghanistan Border Points and Customs Houses.

   (3) Shipping information from the ITM is entered into the Automated System of Customs Data (ASYCUDA) at the Border Crossing Point.

   (4) Trucks entering Afghanistan are issued an Automated System of Customs Data (ASYCUDA) T1 Form (Elmo Khabar) (Figure 512-4). This document, which is provided to the TSP at the Border Crossing Point, is used as proof of delivery.

   (5) At the delivery location, the T1 Form is presented to the SDDC representative for signature and stamp.

   (6) The T1 is then taken by the TSP to the nearest Inland Customs House for processing. The ASYCUDA is updated accordingly. Before the trucks are allowed to depart Afghanistan, the ASYCUDA is checked to verify the imported cargo was delivered.
(7) Within 21 days from the date of delivery, the TSP must apply for a tax and duty exemption from the Afghanistan MoF, Department of Customs and Revenue. To do so, the TSP must first submit all the required documentation to the DoD Customs Cell/SDDC USEMB-AF LNO for certification.

(8) The following documentation is required for SDDC import shipments.

(a) A copy of the ITM prepared and issued by SDDC.

(b) Copies of the bill of lading (BL) (for shipments by sea) or Convention des Marchandises Routiers (CMR) (overland shipments).

(c) An Exemption Form (Muaffi Nama) (Figure 512-5) purchased from the Afghanistan Customs Department and prepared by the TSP.

(9) The DoD Customs Cell will review documents for compliance, accuracy, and completeness. Should a deficiency be found, the documentation will be returned to the TSP with a record indicating the corrective action to be taken. If the documents are in order, the DoD Customs Cell will validate/stamp the documents and produce a Dip Note (Figure 512-6) certifying the shipment is exempt from Customs duties and taxes. After the documents are released from the Ministry of Foreign Affairs, they must be submitted to the Department of Customs and Revenue for processing and approval.

d. Export Procedures:

(1) The responsible 831st Trans Bn DDST prepares a Border Crossing Memo (Figure 512-7) just prior to movement and e-mails this to the SDDC USEMB-AF LNO.

(2) The SDDC USEMB-AF LNO and/or staff verify that the information contained in the Border Crossing Memo is complete and that it satisfies the requirements of Afghanistan Customs. The Border Crossing Memo is recorded and sent to the Afghanistan Customs Department, the Inland Customs House and the Border Crossing Point by e-mail.

(3) Trucks are authorized to cross the border upon receipt of the Border Crossing Memo.

(4) Within 21 days from the date of the Border Crossing Memo, the TSP must apply for a tax and duty exemption from the Afghanistan MoF, Department of Customs and Revenue. To do so, the TSP must first submit all required documentation to the DoD Customs Cell for certification.

(5) The following documents are required by Afghanistan Customs for SDDC export shipments:

(a) A copy of the Border Crossing Memo prepared and issued by SDDC

(b) DD From 1384, Transportation Control and Movement Document (TCMD), Figure 512-8, prepared and issued by SDDC

(c) An Exemption Form (Muaffi Nama) purchased from the Afghanistan Customs Department and prepared by the TSP.

(6) The DoD Customs Cell will review the documents for compliance, accuracy, and completeness. Should a deficiency be found, the documentation will be returned to the TSP with a record indicating what corrective action must be taken. If the documents are in order, the DoD Customs Cell will validate/stamp the documents, produce a Dip Note certifying the shipment is exempt from Customs duties and taxes. After the documents are released from the Ministry of Foreign Affairs, they must be submitted to the Department of Customs and Revenue for processing and approval.
4. Non-SDDC Cargo:
   a. Non-SDDC cargo is any cargo that does not meet one of the following three criteria:
      (1) Booked through the Integrated Booking System (IBS) and initially funded with TWCF.
      (2) Moved on USARCENT contract by air to Navoi and then trucked to Afghanistan.
      (3) Contract moves from Iraq using GFM.
   b. Documentation/Recognized Consignee Requirements:
      (1) All documents must be originals or copies certified with an official stamp/seal by the
          carrier and/or the contracting authority. Electronic copies or photocopied documents
          will not be accepted by the GIRoA.
      (2) The GIRoA expects that shipments submitted for exemption by the U.S. military are in
          fact received by a representative of the U.S. military on a military installation. A list of
          military consignees recognized by GIRoA may be found in Figure 512-9. The consignee
          listed on the BL/air waybill (AWB)/CMR should match that on the invoice. Any
          deviations or discrepancies must be clearly explained by the Contracting Officer
          (KO)/Contracting Officer’s Representative (COR) in the Customs Clearance Request
          (CCR) (Figure 512-10).
   c. The KO/COR is responsible for:
      (1) Ensuring the contractual agreement clearly state that the TSP is responsible for
          expediting all documentation through the Afghanistan Customs Clearance Process. In
          the absence of such a provision or understanding, it may be necessary to contract
          separately with a customs broker.
      (2) Ensuring Fraud Prevention Measures are followed:
          (a) Authorized Signatures. In order to submit a CCR, the KO/COR must file a DD
              Form 577, Appointment/Termination Record – Authorized Signature, Figure
              512-11, with the DoD Customs Cell. Electronic signatures are not authorized.
          (b) Contracting authorities must have an official stamp or seal bearing the name and
              military affiliation of that authority. This stamp or seal is recognized by the GIRoA
              as a certification that the documentation submitted is valid and official.
          (c) The DoD Customs Cell will request that copies of CCRs and Letters of Introduction
              are e-mailed from a U.S. military domain (“.mil” e-mail address) to ensure the
              documentation provided to the DoD Customs Cell by the TSP representative or
              shipping is unaltered and in its most current form.
      (3) Preparing a letter of introduction naming the company and the company representative
          who is authorized by the contracting authority to facilitate import/export procedures with
          the Ministry of Foreign Affairs and the MoF, Department of Customs and Revenue. A
          sample letter of introduction can be found in Figure 512-12.
      (4) Coordinating with the vendor and their TSP representative or shipping expediter to
          ensure all documentation required by the GIRoA is submitted properly, completely, and
          in a timely manner. Considering the unique nature of the Afghanistan Customs
          Clearance Process, it behooves a KO/COR to contract with a vendor, TSP, and/or
          customs broker that has a proven record of past performance in Afghanistan.
d. The TSP Representative/Shipping Expediter/Customs Broker is responsible for:

1. Expediting all documentation through the Afghanistan Customs Clearance Process. Every effort should be made to satisfy the requirements of the GIRoA with respect to processing procedures and documentation requirements. The KO/COR should be kept well informed of efforts. Should an issue or conflict arise, the KO/COR should be advised and be the conduit for matters that deserve the attention of the DoD Customs Cell.

2. Providing status on all customs clearance requests prior to submission to the DoD Customs Cell and after its return to the TSP representative or shipping expediter.

3. Providing the DoD Customs Cell with documentation that will satisfy the requirements of GIRoA as described in these paragraphs. The DoD Customs Cell will only certify customs documents that meet the standards described and will return them to the TSP with a record of corrections required.

e. Import Procedures:

1. The KO/COR initiates a request for customs exemption for materiel to be imported by preparing a CCR. The CCR must describe the item, the intended use, and certain provisions of the contract with respect to ownership of the item.

2. The DoD Customs Cell will confirm receipt of the CCR and the KO/COR will provide the original CCR to the TSP representative.

3. The TSP representative must then submit the following paperwork to the U.S. Embassy:
   a. Original CCR.
   b. BL (shipments by sea), AWB (air shipments), or CMRs (overland shipments).
   
   **NOTE:** Only military installations will be listed in consignee block.
   c. Invoices.
   d. Packing lists (only required if the invoice does not list the cargo).
   e. A Muaffi Nama purchased from the Department of Customs and Revenue and prepared by the TSP representative, shipping agent, or customs broker.

4. The DoD Customs Cell at the Embassy will prepare a Dip Note to the Ministry of Foreign Affairs requesting the initiation of customs formalities with the MoF, Department of Customs and Exemptions. The Customs Cell will provide the Dip Note and all of the other paperwork back to the TSP representative.

5. The TSP representative presents all the paperwork to the Ministry of Foreign Affairs for approval and then submits the paperwork to the Afghanistan Customs Department. Afghanistan Customs Department must approve and issue an ASYCUDA T-1 Form, Figure 512-4. The shipment is ready for delivery once a T-1 Form has been issued and all paperwork has been returned to the carrier.

6. At the delivery point, the T-1 must be stamped and signed by a military representative for the consignee address. The T-1 is then returned to Afghanistan Customs and is filed with the corresponding Muaffi Namma.
f. Export Procedures:

1. The KO/COR initiates a request for customs exemption for materiel to be exported by preparing a CCR (Figure 512-13). The CCR must describe the item and certain provisions of the contract with respect to ownership of the item.

2. The DoD Customs Cell will confirm receipt of the CCR and the KO/COR will provide the original CCR to the TSP representative.

3. The TSP representative must then submit the following paperwork to the U.S. Embassy:
   a. Original CCR
   b. Invoices
   c. Packing lists (only required if the invoice does not list the cargo).

4. The DoD Customs Cell at the Embassy will prepare a Dip Note to the Ministry of Foreign Affairs requesting the initiation of customs formalities with the MoF, Department of Customs and Exemptions. The DoD Customs Cell will provide the Dip Note and all of the other paperwork back to the TSP representative.

5. The TSP representative presents all the paperwork to the Ministry of Foreign Affairs for approval and then submits it to the Afghanistan Customs Department. The Afghanistan Customs Department must approve and issue an ASYCUDA T-1 Form. The shipment is ready for export once a T-1 Form has been issued and all the paperwork has been returned to the TSP.

g. Vehicle Imports:

1. The KO/COR initiates a request for customs exemption for materiel to be imported by preparing a CCR. The CCR must describe the item, the intended use, and certain provisions of the contract with respect to ownership of the item. Documentation must include the year, make, model, and color of the vehicle, as well as the vehicle identification number (VIN) and the Engine Block Number.

2. The DoD Customs Cell will confirm receipt of the CCR and the KO/COR will provide the original CCR to the TSP representative.

3. The TSP representative must then submit the following paperwork to the U.S. Embassy:
   a. Original CCR.
   b. BL (shipments by sea)/AWBs (air shipments) or CMRs (for overland shipments).

   **NOTE:** Only military installations will be listed in consignee block.

   c. Invoices.
   d. Packing lists (Only required if the invoice does not list the cargo).
   e. A Muaffi Nama purchased from the Department of Customs and Revenue and prepared by the TSP representative, shipping agent, or customs broker.

4. The DoD Customs Cell at the Embassy will prepare a Dip Note to the Ministry of Foreign Affairs requesting the initiation of customs formalities with the MoF, Department of Customs and Exemptions. In addition, a Dip Note to the Ministry of Foreign Affairs requesting the initiation of vehicle registration formalities with the Ministry of Interior will be prepared. The Customs Cell will provide the Dip Note and all of the other paperwork back to the TSP representative. The DoD Customs Cell is not responsible for registering vehicles.
(5) The TSP representative presents all the paperwork to the Ministry of Foreign Affairs for approval and then submits it to the Afghanistan Customs Department. The Afghanistan Customs Department must approve and issue an ASYCUDA T-1 Form. The shipment is ready for delivery once a T-1 Form has been issued and all paperwork has been returned to the TSP.

(6) At the delivery point, the T-1 must be stamped and signed by a military representative for the consignee address. The T-1 is then returned to Afghanistan Customs and is filed with the corresponding Muaffi Namma.

h. Troop Donations

(1) Customs Clearance must be obtained for goods donated to the U.S. military and shipped to Afghanistan. The individual and command accepting the donation will be responsible for coordinating between the donor and the TSP. Therefore, the accepting party assumes the role of the KO/COR, to include preparing the CCR (Figure 512-14). Procedures are the same as described for imports in Paragraph D.4.e above.

E. BAHRAIN, KUWAIT, OMAN, QATAR, UNITED ARAB EMIRATES

**NOTE:** This paragraph provides information that is common to all of the countries listed above. Please see individual country paragraphs when necessary for guidance specific to the individual country.

1. Cargo:

   a. **Surface.** The following paragraphs describe general customs clearance procedures and requirements for government property shipped into Bahrain, Kuwait, Oman, Qatar, or United Arab Emirates from the United States. It is imperative that all requisitioners, consignors, and shippers maintain strict adherence to these policies when transporting DoD cargo into these countries.

   (1) Provide complete and accurate TCMDs with the container number, seal number, Transportation Control Number (TCN), piece, weight, cube, approximate dollar value, and specific name that identifies the contents of the shipment.

   (2) Provide a Commercial Invoice (with dollar value for each item), Commercial Packing List, Certified Cargo Declaration Notice, and Customs Clearance Letter.

   (3) Provide a DD Form 2890, DoD Multimodal Dangerous Goods Declaration, Figure 512-15, IAW the requirements of the International Convention for the Safety of Life at Sea, 1974 (SOLAS 74) and the International Maritime Dangerous Goods (IMDG) Code to document and identify hazardous materials (HAZMAT) cargo.

   (4) All customs clearance documentation must be provided to the ocean TSP. Ocean TSPs must provide the customs clearance documentation to the Customs clearance authorities to ensure the cargo is not delayed at the seaport of debarkation (SPOD). In the event the shipments are held up because of lack of proper documentation at the SPOD, the local SDDC Port Authority will immediately initiate action with their higher Headquarters (HQ), the TSP, and the Host Nation (HN) Customs officials to resolve the issues.
(5) Shippers must use the following formats in completing and submitting customs clearance documents to the ocean TSP:

(a) Commercial Invoice (Figure 512-16):
   1. Shipper name and address (must be the same on commercial invoice and packing list)
   2. Consignee name and address (must be the same on commercial invoice and packing list)
   3. Commodity description (no military identification and terminology [i.e., do not say Army, military, Defense])
   4. Number and type of packages
   5. Price per unit (preferred currency: U.S. dollar)
   6. Value of the shipment
   7. Gross weights of the cargo
   8. Shipper stamp and signature.

(b) Commercial Packing List (Figure 512-17):
   1. Shipper name and address (must be the same on commercial invoice)
   2. Consignee name and address (must be the same on commercial invoice)
   3. Quantity
   4. Commodity description (no military identification and terminology [i.e., do not say Army, military, Defense]; must be the same on commercial invoice)
   5. Weight
   6. Cube
   7. Container and TCN.

(c) Certified Cargo Declaration Notice (Figure 512-18). The declaration notice will be prepared in lieu of health certificates for Meals Ready to Eat (MRE) Unitized Group Rations (UGR) because there are no health certificates for this type of group ration. The purpose of the declaration is to clear the cargo, and it must be prepared, notarized, and signed by the shipping agency. The shippers will continue to provide health certificates for rations/frozen foods that are not classified as MREs\UGRs.

(d) Customs Clearance Letter (Figure 512-19). The letter must be prepared by the military (shipper) on their letterhead authorizing the release of cargo to the U.S. Consulate in the destination country. The text of the letter will read as follows:

   Ref. PCFN or Booking No. __________. This is to confirm that the United States Military purchased the goods covered under PCFN or Booking No. __________ from __________. This office requests the release of those goods to the U.S. Consulate in destination country for onward transportation to (destination). The United States Military will utilize these goods at their base in (country).
(6) For dangerous good shipments, “In accordance with the requirements of SOLAS 74 and the IMDG Code, the primary requirements of a dangerous goods shipping document is to clearly and concisely convey the fundamental and required information of regulated HAZMAT being transported internationally. It is not the intent to require a separate transportation document for dangerous goods when a consignment contains both dangerous and non-dangerous goods or to restrict the number of individual dangerous goods descriptions that may appear on a single document.” Officials of all countries are now monitoring HAZMAT containers very closely. This will mean a more intensive check on documentation. Containers arriving with an inaccurate DD Form 2890, Figure 512-15, for HAZMAT cargo will be frustrated at the port of discharge. To avoid confusion and to try to alleviate further errors during the shipment of HAZMAT, reference the following guidance on using the proper shipping forms and documentation for transporting HAZMAT:

(a) DTR Part II, Cargo Movements, Chapter 204, Paragraphs F.6 and G.4.
(b) Title 49, Code of Federal Regulations, current version.
(c) IMDG Codes, Chapter 5.4. You must specify the proper shipping name, hazard class, UN No., packaging group (where assigned), marine pollutant, and observe the mandatory requirements under national and international governmental regulations. For the purposes of the IMDG Code, see 5.4.1.4 or 5.4.2.

b. Air.

(1) For Qatar, all weapons (e.g., weapons accessories [magazines, ammunition, scopes], handcuffs, body armor, military issued items) may not be imported or exported through Doha International Airport. Any weapon or weapon accessory must be brought in through Al Udeid AB. Qatari Customs or Security personnel will immediately confiscate all such items not properly cleared through customs. Confiscated items will not be returned.

(2) Advance written approval from the HN is required to import electronic devices other than standard civilian mobile phones, laptop computers, cameras, media player3 players, and personal digital assistants. Equipment brought through Doha International (INTL) airport without prior written authorization will be confiscated by customs upon arrival. Any other equipment, including classified communications equipment, will be confiscated unless the traveler has prior written approval.

(3) Contact the U.S. Air Force Central Command (USAFCENT) Host Nation Coordination Cell (HNCC) to coordinate any importation of such equipment and to obtain information on the status of HN approval. To request approval, include the following information in the clearance request: equipment or weapon type, make, model, and serial number. The HNCC can be reached at DSN 318-432-3674; by international commercial telephone at 974-460-5764 or 974-585-2139; by fax at DSN 318-432-3680 or commercial 974-460-5297; or by e-mail at Qatar@hncc@qatar.army.mil. Personnel can also contact the U.S. Liaison Office (USLO) at international commercial 974-488-4299-4130 for information. At a minimum, it takes 14 days for HN approval.
F. EGYPT

1. Cargo. The following paragraphs describe general shipping guidelines and customs clearance and inspection processes for government and personal property shipped into Egypt from the United States.
   a. Container/Crating Requirements. Twenty-foot containers and forty-foot containers, or additional weight, can be handled at greatly increased cost.
   b. Hard Lift Area. Designated as Hard Lift Area for all military services. Air clearance, when required, will be obtained from the respective Service Air Clearance Authority.
   c. Customs Clearance Procedures, Requirements.
      (1) Provide AWB or BL numbers, TSP, required delivery date, and container numbers by message to the American Embassy (AmEmbassy) Cairo or U.S. Naval Medical Research Unit 3 (NAVMEDRSCHU THREE) as soon as information becomes available.
      (2) Customs clearance of HHG and UB cannot begin until the announcement of the arrival of the owner to the Minister of Defense and Aviation is made. The AmEmbassy or NAVMEDRSCHU THREE must have at least a copy of the Military Ocean Cargo Manifest or International Ocean Bill of Lading (OBL) to initiate customs clearance of surface shipments prior to arrival of the vessel.

2. The “Consigned To” and “Marks/Number” blocks of the OBL, Military Cargo manifests, or AWBs must contain identical markings with the containers, lift vans, or crates.

G. IRAQ

1. Cargo. Cargo customs clearance procedures are divided into three sections: Foreign Military Sales (FMS) (Paragraphs G.1.a, G.1.b, G.1.c, G.1.d, G.1.e, G.1.f, and G.1.g), non-FMS (Paragraphs G.1.h and G.1.i), and Embassy (Paragraphs G.1.j and G.1.k).

   a. General FMS Import Process Information:

      (1) The focal point for the approval of entry of FMS cargo into Iraq is the Government of Iraq (GoI) Levy Exemption Waiver (LEW) Office, baghdados6174208clewliaisonoffice@gmail.com.

      (2) Prior to submitting a LEW to the GoI LEW Office, all LEW requests should first be sent to the Office of Security Cooperation–Iraq (OSC-I) for a quality assurance review, OSCI-LEW@state.gov.

      (3) Once OSC-I has reviewed the LEW request, it will be returned to the sender, with suggestions/corrections, for submission to the Baghdad LEW Office, PMNOCLEWOFFICE@PMO.GOV.IQ.

      (4) Only FMS cargo and cargo that is in direct support of an FMS case is eligible for LEWs.

      (5) Personal items (private property of employees) are not eligible for LEWs.

      (6) LEWs are valid for 90 days from the day they were approved.

H. JORDAN

1. **Cargo.** With the exception of FMS, MILAIR, and United States Postal Service (USPS) shipments, the Combined Joint Operations Center – Jordan (CJOC-J) Host Nation Coordination Cell (usarmy.arifjan.1-ad.mbx.hncc-cf-j@mail.mil) must be contacted prior to any shipment regardless of shipper. This is to facilitate the clearance process prior to the item arriving in Jordan.

   a. All USAF mission capable (MICAP) parts less than 149 pounds may ship via NGDS destined to Muwaffaq Al Salty Air Base (MSAB). MICAP parts must ship using DoDAAC FB5808.

   b. For MICAP parts via NGDS to clear customs in Jordan immediately, DoD shippers MUST email all shipping documents 1 day prior to shipment to the Host Nation Coordination Cell – Jordan (HNCC) at usarmy.arifjan.1-ad.mbx.hncc-cf-j@mail.mil. Shipping documents include a commercial invoice, an AWB, and the DD Form 1348 or DD Form 1149.

All shipping for MICAP parts will use the following address:

   FB5808 ROYAL JORDAN AF 407 AEG
   CP: +962 0795206732
   Muwaffaq AL SALTY AIR BASE, JORDAN AL AZRAQ AB JO 41111
   CONSIGNEE: 332 ELRS TRAFFIC MANAGEMENT PERSONNEL

   c. MICAP parts over 149 pounds and TP-1/TP-2 shipments destined for MSAB (FB5808/FE5808) will ship via military airlift to APOD SQX.

   d. Surface movement/sealift is the preferred method for shipping routine, low-priority general cargo or bulky items. Shippers sending cargo via surface into Jordan MUST consign the cargo to either Jordan Armed Forces or Royal Jordanian Air Force depending on final location. Use the following DoDACC: FB5808/FE5808.

   e. Non-MICAP shipments to all other bases in Jordan should be addressed as follows:

   (1) **CONSIGNEE:**

      (a) For official shipments to DoD personnel residing on Jordan bases, please adhere to the following:

         1. **MSAB Address:**
            Royal Jordanian Air Force
            Muwaffaq Al Salti Air Base (MSAB)
            Azraq, Jordan 41111
            POC Name at MSAB
            POC and local commercial phone number

         2. **Prince Hassan Air Base (H5) Address:**
            Royal Jordanian Air Force
            Prince Hassan Air Base (H-5)
            Safawi, Jordan 43110
            POC Name at King Abdullah II Special Operations Training Center

4. KASOTC Address:
   Jordan Armed Forces
   King Abdullah II Special Operations Training Center (KASOTC)
   Yajouz St. Socom, Amman, Jordan
   POC Name at KASOTC
   POC and local commercial phone number

(b) Personal shipments should route through the individual’s APO address or Embassy PO Box for delivery in Jordan. Shippers should not ship goods directly to DoD personnel in Jordan using common carriers (UPS/FedEx/etc.), unless addressed to a consignee working at the U.S. Embassy in Amman, Jordan.

(2) METHOD: Ship “door-to-door” not “for pickup.”

(3) COORDINATION: Send the AWBs and tracking numbers for small package shipments to HNCC (usarmy.arifjan.1-ad.mbx.hncc-cf-j@mail.mil) and allow 7 days for production and processing customs clearance.

f. The Port of Aqaba: For shipments using the ground movements with destinations/origins outside Jordan, send BLs to HNCC (usarmy.arifjan.1-ad.mbx.hncc-cf-j@mail.mil). Allow 7 days for production and processing customs clearance to permit unhindered border crossing at the Omari Crossing with Saudi Arabia. Without coordination, add 14 to 30 days to required delivery dates for release of shipments from port customs, as well as customs storage fees.

g. Consider cargo “Surface Deployment and Distribution Command (SDDC) cargo” if it meets either of the two following criteria:
   (1) The shipment is booked through the Integrated Booking System (IBS) and initially funded with TWCF
   (2) It is part of a contracted move to or from Jordan using GFM.

h. SDDC LNO U.S. Embassy Jordan: The primary responsibility of the SDDC LNO in Jordan is to facilitate the import and export of U.S. military cargo by ensuring proper submission of required documentation to Jordan customs clearance officials. As part of these duties, the SDDC U.S. Embassy LNO routinely engages with the HNCC and Jordan International Affairs on matters related to these shipments. Contact: DSN 312-294-9000, extension 8-978-6711/4711.

i. Host Nation Coordination Cell (HNCC): An HNCC is established within the CJOC-J to facilitate import/export/immigration in support of U.S. military forces in Jordan. This cell consists of U.S. military and civilian personnel specifically working customs issues in Jordan. The SDDC LNO and HNCC coordinate routinely to ensure efficient cargo import/export and clearance.
j. Coordinate chartered cargo flights into Jordan through the Marka Joint-Civil Military Airport (OJAM). Hours are 0600z-1500z (Daylight Savings Time). All flights must arrive and depart during these operating hours. Aircrews must be flexible and expect overcrowding/delays because Golf Ramp parking availability is extremely limited. There is no authorization for military crews to remain overnight in Amman, Jordan. Marka strictly prohibits engine run offloading. Maximum aircraft on the ground is one at a time. All exceptions MUST be cleared through the U.S. Embassy Superintendent, Joint Military Coordination Center (JMCC), at DSN 312-294-9000 (wait for dial tone and then dial 8-978-6537) or at 011-962-79-131-0640/011-962-731-6494 prior to mission planning. Coordinate similarly for chartered cargo flights to Aqaba/King Hussein INTL (OJAQ).

k. FMS shipments to Jordan should be accompanied by complete Military Shipping Label, with the FMS case noted, BL, and inventory/invoice. Upon identification as an FMS shipment, Jordanian Customs will immediately release shipments to Jordanian Armed Forces for movement from the port of debarkation.

O. SAUDI ARABIA

1. Passengers. Saudi Arabian (Islamic) law prohibits the importation of the following items:

   a. Alcoholic beverages and liquor or liquor by-products of any type.

   b. Narcotic drugs of any type. (Be sure to have proper documentation for any prescription drug.)

   c. Weapons or explosive devices of any type, including firearms, ammunition, swords, knives, and fireworks.

   d. Pornographic or sexually suggestive material, literature, books, magazines, periodicals, photographs, or movies.

   e. Food products or other commodities made from or containing pork, pork by-products or pork substitute ingredients of any type.
f. Chewing tobacco in any form. It is permissible to carry smoking tobacco, cigarettes, and cigars in small quantities for personal use.

g. Newspapers, newsmagazines, and other periodicals containing articles construed to be derogatory toward the Saudi Arabian Government or Islam or to praise Zionism or Communism.

2. **Cargo.** All cargo must be coordinated and approved prior to arrival in the Kingdom of Saudi Arabia (KSA). On average, it takes approximately 30 days for the Host Nation Coordinator (HNC) to receive import approval from the Saudi Ministry of Defense. Once received, the HNC sends the approval to the Saudi Customs HQ for approval. This process can take up to 7 days. Only after final approval can the customs broker deliver the cargo to the final consignee. Overall, the process can take anywhere from 30 to 55 days.

a. **U.S. Military Training Mission (USMTM).** The Chief of USMTM has been designated as the senior U.S. Defense Representative (USDR) in Saudi Arabia and has been given coordinating authority over the other DoD agencies in country. The other major agencies are the Office of the Program Manager of the Saudi Arabian National Guard (OPM-SANG) Modernization Program, Ordnance Program Division (OPD), and DCMA. Headquartered in Riyadh, USMTM is the coordinating agency for support units, such as the APO, Commissary, BX, AAFES, and AMC, in Saudi Arabia.

(1) All requisitioning and contracting agencies, including individual or organizational Government Purchase Card holders and all consignors and/or shippers (except for shipments to DoDAACs FB5816 and FE5816, see Paragraph O.2.b below) must contact USMTM/Directorate of Logistics (DOL) at +966-50-384-6275 or DSN 318-448-8903 prior to shipping any items into or out of Saudi Arabia. The TO will provide all customs documentation necessary to clear Saudi customs.

(2) Express shipments may only be imported into Saudi Arabia via commercial air into King Khalid International Airport (KKIA). All items must be shipped to the below address, do not address packages to individuals, doing so causes customs delays. Information can be provided by the Superintendent, Joint Traffic Management Office, HQ USMTM-DOL, Riyadh, Kingdom of Saudi Arabia at +966-50-384-6275 or DSN 318-448-8093 or e-mail: centcom.evab.usmtm.list.tmo@mail.mil.

   USMTM-ESKAN VILLAGE
   AL KHARJ HIGHWAY
   RIYADH, SAUDI ARABIA
   APO, AE 09803-9998

(3) All shipments must have a broker. Confirm the shipping company that will be used with USMTM/DOL. USMTM/DOL will then coordinate with the local broker to ensure proper visibility on shipments.

(4) Whenever possible, ship via the USPS. Shipments via USPS under 70 lbs. from the United States to APO may be addressed as below:

   USMTM
   Unit 61333=TMO
   E-mail: centcom.evab.usmtm.list.tmo@mail.mil

b. **64th Air Expeditionary Group (AEG) USAFCENT (DoDAACs FB5816/FE5816):** All deployed forces cargo must be coordinated and approved prior to arrival in the KSA. Ocean cargo must be booked through SDDC via IBS with Door-to-Door terms. On the average, it
can take 30 to 35 days from Saudi Arabia Customs HQ approval to final delivery to consignee by the customs broker.

(1) All DoD cargo shipments must be coordinated through the 64th Expeditionary Support Squadron (ESS)/Logistics Readiness Flight’s (LRF) organizational e-mail box 64ESS/LRFT@evar.afcent.af.mil not later than (NLT) 30 days prior to the arrival of the cargo. Clearly mark official shipments “FOR AFCENT: in the shipping address to differentiate them from personal mail. This includes all shipments except APO parcels. Please direct all questions to 64th ESS/LRF at DSN 318-448-2501/2503 or commercial cell 96650 018-4138.

(2) The following information must be provided to the 64th ESS/LRF NLT 30 days prior to the arrival of the cargo:
   
   (a) Description: A detailed description of all the contents
   (b) Quantity: The exact count of items
   (c) Entrance Port: The full name of the port

   (e) Mode of Shipment: Surface or Air
   (f) Copy of the BL, AWB, or tracking number
   (g) TCN
   (h) Custom broker’s full name, license number, date and place of issue

(3) If prior coordination is not accomplished, units will incur storage fees and the items will be held by customs until the 64th ESS/LRF and the HNC obtains the proper import clearance.

(4) Import correspondence flow:
   
   (a) The 64th ESS/LRF receives the shipping information from the shipper or the carrier and submits the import request letter to HNC.
   (b) The HNC prepares an R-Letter, Figure 512-31, addressed to the Ministry of Defense and Aviation (MODA), and submits it to the 64th AEG/CC for approval and coordination.
   (c) The 64th Air Expeditionary Group (AEG)/Commander (CC) sends the letter to the United States Defense Representative (USDR) for signature.
   (d) The USDR returns the letter to the HNC.
   (e) The HNC sends the letter to the MODA for initial approval and includes a spreadsheet with an itemized list of equipment included in the shipment.
   (f) The MODA approves the letter within 7 to 10 days and forwards it to the HNC and the Customs HQ.
   (g) The Customs HQ sends their approval to the border/water port specified in the letter
   (h) The Customs broker follows up with KKIA Customs and Customs HQ
   (i) The Customs broker releases the cargo to the 64th AEG.
