

LIMITED SOURCES JUSTIFICATION
SOCET GXP Maintenance Reinstatement and Renewal

1. Requirement: Reinstatement and Renewal of BAE SOCET GXP annual software maintenance. A firm-fixed price award of [REDACTED] is expected.
2. Authority: Limited sources acquisition/item(s) peculiar to one manufacturer is authorized IAW FAR 8.405-6(b)
3. Justification/Brand Name: BAE Socet GXP imagery software is used to manipulate imagery into a more usable format or for additional analysis. Additional modules are used to enhance software capabilities to extract and create digital elevatin models and to orthorectify images. BAE Systems has propriety rights to the software code for the SOCET GXP products associated with this requirement and as such is the only known vendor that can provide the needed services. No authorized resellers were found that can provide the software and support.

Based on the propriety rights and the inability to locate any authorized resellers, BAE Systems is the only source that can fulfill this requirement without substantial duplication of cost to the Government that is not expected to be recovered through competition. Significant costs would be expended on technical reviews, business cases, functional replacements of installed inventory, training, and implementations of new products.

4. Place and Period of Performance: Scott AFB with a PoP of One Year from Date of Award.
