Controlled Access: The identity of all persons entering the installation will be verified. Inspections of vehicles may include but not be limited to; trunk, engine compartment, undercarriage, interior, glove boxes, suitcases, briefcases, and other containers.

All Visual recording devices to include; cellular phones with photography features, cameras, and camcorders are prohibited.

Loading/Unloading Instructions: Shipper will load and count, consignee will unload.

Equipment Required

Size and type: Carriers will be required to furnish the following empty, clean, safe, properly working, and properly identified equipment.

- a. LTL, Closed Van, flat floor, 27/28-feet or greater in length.
- b. LTL, Flatbed trailer 45-feet or greater in length.
- c. T/L Closed Van, Flatbed, Drop-Frame, and Rollerbed trailers will be 45-feet or greater in length.

Substitution: Where substitution of equipment is permitted, no cost adjustments will be allowed. For carrier's convenience, a carrier may substitute trailers greater than 45 feet in length without additional cost to the government.

Equipment Pool Requirement: Yes

Transportation of 463L Air Pallets to Aerial Ports via Rollerbed Vans

Contractor must provide Rollerbed Vans for all Equipment Pool requirements. Shipper reserves the right to choose between Flatbed** and Van when substitution is necessary. Substitution will not be permitted as a long term solution to a contractor's inability to provide additional Rollerbed Vans if all participating contractor resources are fully utilized. Contractors providing Rollerbed Van service will be given first consideration if shipper chooses to use Flatbeds and/or Vans. Rates and requirements will remain the same in the case of substitutions.

Destinations: Charleston SC, Dover DE, Norfolk VA

Rollerbed Van Equipment Pool: Each contractor will be required to provide no more than ten (10) Roller bed Vans for the Dover AFB, DE route, nineteen (19) for the Charleston AFB, SC route, and 1 (one) for the Norfolk, VA route. Shipper reserves the right to fluctuate equipment pool requirements within 24-hours notice based on workload demands.

Roller bed Requirements: As needed, equipment will be selected from established equipment pools. Contractor must pickup within eight (8) hours of notification that trailer is ready for pickup. Contractor must meet the below delivery time requirements after pickup.

Rollerbed Delivery Schedule:

* Return of Pallets/Nets: The contractor agrees to return empty pallets, including the 463-L pallets/nets to consignor without charge. Unless otherwise specified, carrier may consolidate pallets and return them in conjunction with scheduled freight pick-ups. The 463-L pallets and nets will be returned to the consignor on a daily basis. Carrier will provide the shipper with documents showing the number of pallets being returned and the trailer number containing the empty pallets. Return of Pallets from Dover AFB to DDSP will be performed Free of Charge.

Pallets will be returned in Truckload Quantities.

** Flatbeds are required to tarp loads to protect against the elements (this is not an accessorial).

Dedicated Truck Lanes: The DTCI contract will include dedicated truck routes. Most of the dedicated truck routes will include multiple stop-offs and multiple split deliveries. These shipments will include exclusive use and expedited delivery service.

Transportation of 463L Air Pallets to Aerial Ports via Rollerbed Vans

Contractor must provide Rollerbed Vans for all Equipment Pool requirements. Shipper reserves the right to choose between Flatbed* and Van when substitution is necessary. Substitution will not be permitted as a long term solution to a contractor's inability to provide additional Rollerbed Vans if all participating contractor resources are fully utilized. Contractors providing Rollerbed Van service will be given first consideration if shipper chooses to use Flatbeds and/or Vans. Rates and requirements will remain the same in the case of substitutions.

Destinations: Charleston SC, Dover DE, Norfolk VA

Rollerbed Van Equipment Pool: Each contractor will be required to provide no more than two (2) Rollerbed Vans each for the Dover AFB, DE and Charleston AFB, SC routes. Norfolk requirements will operate on a live load basis. Shipper reserves the right to fluctuate equipment pool requirements within 24-hours notice based on workload demands.

Rollerbed Requirements: As needed, equipment will be selected from established equipment pools. Contractor must pickup within eight (8) hours of notification that trailer is ready for pickup. For live loads contractor must provide driver with power unit and trailer ready for loading within eight (8) hours of notification by shipper. Contractor must meet the below delivery time requirements after pickup.

Approval for base access of persons found to have a criminal history will be handled on a case-by-case basis in accordance with NAS Whidbey Island's Instruction 5500.11E. Employers and drivers are required to forward a certified copy of the individual's criminal history to the Security Officer for review and a rendering prior to attempting to gain access to NAS Whidbey Island. Failure to properly request access authorization will result in a denial of entry. The final decision to allow access to NAS Whidbey Island resides with the Commanding Officer. Final findings will be forwarded to the individual's employer.

General:

Prelodge in advance of delivery is required, call 206-764-6540, at least 24 hours in advance of the intended delivery. This office has numerous delivery points based upon the ultimate overseas destination of the shipment. Please call prior to consignment for the most current information, 206-764-6540.

Regardless of the delivery point, all advance GBLS will be mailed to the 833D U.S. Army Transportation Battalion, 4735 E Marginal Way S, Seattle, WA 98134-2391. Alternate method, please FAX to 206-763-9897.

DO NOT USE EXPRESS MAIL DELIVERY CARRIERS (LIKE UPS, ETC) UNLESS YOU PRELODGE THE FREIGHT BY CALLING 206-764-6540 PRIOR TO RELEASING THE SHIPMENT. SHIPMENTS NOT PRELODGED WILL BE REFUSED BY THE DELIVERY TERMINAL.

Use stop-offs on GBLS by delivery terminal when consolidating shipments for more than one ultimate overseas destination. Ensure freight is loaded in the order of stop offs and properly segregated, blocked, and braced.
