

PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME:

SafetyNet (SN)

2. DOD COMPONENT NAME:

United States Transportation Command

3. PIA APPROVAL DATE:

05/17/22

SECTION 1: PII DESCRIPTION SUMMARY (FOR PUBLIC RELEASE)

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

The SafetyNet is a tool that supports the SDDC Safety Office's role in its efforts as the liaison between the Department of Defense (DoD) and the Department of Transportation (DOT) in matters relating to the transportation of DoD hazardous materials as prescribed in the Defense Transportation Regulation (DTR). DoD authorized users requiring transportation deviations such as Competent Authority Approvals, DOT EX Letters, and DOT Special Permits may access the SafetyNet system to acquire the necessary authorities to achieve transportation mission requirements. Additionally, Certificates of Equivalency and other DOT informational materials are available for the purpose of downloading to a local computer system.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

SafetyNet retrieves the user's names, title, official e-mail, and duty phone number from the Transportation Enhanced Access Management System (TEAMS.) During the SafetyNet user requests process, the above PII is retrieved as part of the required process of ensuring accountability and authentication while using SafetyNet. Retention of this data is maintained for the length that the user requires access to SafetyNet. Upon notification that the user no longer requires access to SafetyNet, and or the user is removed from TEAMS, the user's PII will be removed from the SafetyNet system. In conjunction to accountability and authentication, the user's PII as mentioned above, can be viewed on the SafetyNet site by SafetyNet administrators.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Individual does not have the opportunity to object because the information in the system is retrieved from another information system and not the individual.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Individual does not have the opportunity to object because the information in the system is retrieved from another information system and not the individual.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

- Privacy Act Statement Privacy Advisory Not Applicable

PII is not solicited from individuals; information in the system is retrieved from another information system and not the individual.

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

- Yes No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcl.d.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

Records will be destroyed upon update of the final record, or when no longer needed for business use, whichever is later.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

PII is not collected from individuals; information in the system is retrieved from another information system and not the individual.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information. This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.
