(b). Contracting Officer's Technical Representatives (COTRs).

(1). At contract award, the DOD will designate a COTR(s) who will be responsible for managing all administrative matters that DOD Agency Contracting Officer's Representatives (ACORs) are unable to resolve.

(2). At contract award, the General Services Administration (GSA) will designate a COTR(s) who will be responsible for managing administrative matters that civilian federal ACORs are unable to resolve.

(3). COTRs are responsible for the following:

(A). Approve other federal civilian agencies/organizations (not specifically identified in Exhibit A) as authorized users of this contract and forward appropriate documentation to the contractor, with a courtesy copy to the Contracting Officer. (The contractor shall determine if an account number presently exists or assign a new one, if necessary);

(B). Relay contract performance issues to the Contracting Officer;

(C). Assist in resolving problems between the contractor and agencies not solved by ACORs, referring those matters that cannot be resolved at the COTR level to the Program Management Office (PMO);

(D). Provide guidance and direction to the ACORs and;

(E). Handle other matters as delegated by the Contracting Officer.

(4). The COTR is NOT authorized to make changes to this contract.

(c). Agency Contracting Officer's Representatives (ACORs).

(1). At contract award, each DOD agency (e.g., Army, Navy, Air Force, Defense Logistics Support Command, etc.) will identify an ACOR who will be responsible for performing the functions identified below. GSA will identify ACORs for each mandatory civilian federal agency, e.g., Department of Justice, Department of Interior, etc. This information will be provided in writing to the PMO with a courtesy copy to the Contracting Officer.

- (2). After contract award, non-mandatory civilian federal agencies must submit written requests to the GSA COTR to become an authorized user of the contract(s). Each agency will designate the appropriate ACOR in their request.
- (3). ACORs are responsible for the following:
 - (A). Provide guidance/direction to intra-agency contract users concerning the proper procedures to follow in establishing agency accounts and service requirements;
 - (B). Arrange for authorization for intra-agency users and commercial contractors to use services under the contract(s);
 - (C). Maintain records to reflect the request and approval to ship under the contract;
 - (D). In accordance with agency procedures, ensure each authorized shipping location maintains file documentation sufficient to compare to the monthly On-Time Performance Report.
 - (E). Refer questions/problems which cannot be resolved and/or answered to the COTR; serve as the agency focal point for all program issues; and
 - (F). Relay contract performance issues to the COTR.
- (4). The ACOR is NOT authorized to make changes to this contract.
- (d). Individual shipping locations are responsible for the following:
 - (1). Ensure that obligating documents have sufficient funds and that offices to which invoices are to be submitted are clearly identified;
 - (2). In accordance with local operating procedures, authorize payment of invoices.
 - (3). Attempt to resolve questions/problems directly with the contractor. Refer unresolved matters to the attention of the ACOR.

2. BLOCK 18a—PAYMENT WILL BE MADE BY

Upon establishment of individual shipping accounts, the appropriate payment office will be identified.

3. BLOCK 18b—ADDRESS TO SUBMIT INVOICES

(d). Comptroller General Examination of Record. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records -- Negotiation.

(1). The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2). The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3). As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1). Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vi) of this paragraph in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause--

(i). 52.219-8, Utilization of Small Business Concerns (May 2004)(15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$500,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii). 52.222-26, Equal Opportunity (Apr 2002)(E.O. 11246).

(iii). 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (Dec 2001)(38 U.S.C. 4212).

(iv). 52.222-36, Affirmative Action for Workers with Disabilities (June 1998)(29 U.S.C. 793).

(v). 52.222-41, Service Contract Act of 1965, as Amended (May 1989), flow down required for all subcontracts subject to the Service Contract Act of 1965 (41 U.S.C. 351, et seq.)

(vi) 52.247-64, Preference for Privately-Owned U.S. Flag Commercial Vessels (Apr 2003)(46 U.S.C. Appx 1241 and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64,

(2). While not required, the contractor may include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

1. FAR 52.252-2 CLAUSES INCORPORATED BY REFERENCE FEB 1998

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. 19. DFARS 252.225.7043 ANTITERRORISM/FORCE PROTECTION POLICY JUN 1998
FOR DEFENSE CONTRACTORS OUTSIDE THE
UNITED STATES (IAW DFARS 225.7402)

For the purposes of this clause, the blank(s) are completed as follows:

(c). HQ AFSFC/SFPA; telephone, DSN 945-7035/36 or commercial (210) 925-7035/36.

20. DFARS 252.243-7001 PRICING OF CONTRACTOR MODIFICATIONS DEC 1991
(IAW DFARS 243.205-70)

When costs are a factor in any price adjustment under this contract, the contract cost principles and procedures in FAR Part 31 and DFARS Part 231, if effect on the date of this contract, apply.

21. AFFARS 5352.216-9000 AWARDING ORDERS UNDER MULTIPLE JUN 2002
AWARD CONTRACTS (IAW AFFARS 5316.506)

(a). All multiple award contractors shall be provided a fair opportunity to be considered for each order in excess of \$2,500 pursuant to the procedures established in this clause, unless the contracting officer determines that:

- (1). The agency's need for the services or supplies is of such urgency that providing such opportunity to all such contractors would result in unacceptable delays;
- (2). Only one such contractor is capable of providing the services or supplies at the level of quality required because the services or supplies ordered are unique or highly specialized;
- (3). The task or delivery order should be issued on a sole source basis in the interest of economy or efficiency because it is a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity pursuant to the procedures in this clause to be considered for the original order; or
- (4). It is necessary to place an order to satisfy a minimum guarantee.

(b). Unless the procedures in paragraph (a) are used for awarding individual orders, multiple award contractors will be provided a fair opportunity to be considered for each order using the following procedures:

(c). Under the provisions of the Federal Acquisition Streamlining Act of 1994, 10 U.S.C. 2304 (c) (Public Law 103-355), a protest is not authorized in connection with the issuance or proposed issuance of an individual task or delivery order except for a protest on the grounds that the order increases the scope, period, or maximum value of the contract under which the order is issued.

(d). For this contract, the designated task or delivery order ombudsman is Mr. Michael Jackson, HQ AMC/A48C, at (618)-229-4381. The task or delivery order ombudsman is responsible for reviewing complaints from multiple award contractors and ensuring that all of the contractors are afforded a fair opportunity to be considered for task and delivery orders in excess of \$2,500, consistent with procedures in the contract. However, it is not within the designated task or delivery order contract ombudsman's authority to prevent the issuance of an order or disturb an existing order.

(e). This clause does not guarantee the contractor issuance of any task order or delivery order above the minimum guarantee(s) stated in the Government's Obligation, page 5 of this contract.

22. AFFARS 5352.223-9000 ELIMINATION OF USE OF CLASS 1 OZONE APR 2003
DEPLETING SUBSTANCES
(IAW AFFARS 5323.804)

(c). The requiring activity has obtained Senior Acquisition Official (SAO) approval to permit the contractor to use the following Class 1 ODS(s): None

23. AFFARS 5352.223-9001 HEALTH AND SAFETY ON GOVERNMENT JUN 1997
INSTALLATIONS
(IAW AFFARS 5323.9001)

24. ECONOMIC PRICE ADJUSTMENT

(a). In accordance with FAR 16.203-3, the Contracting Officer has determined it is appropriate to include an economic price adjustment clause for this fixed-price contract. This clause will provide a method to adjust contract rates during the two option years in order to protect the contractor and government against significant market fluctuations.

(b). The unit prices shall be adjusted on the anniversary date of the contract performance period. The amount of the adjustment shall be the difference, expressed as a percentage (rounded to one decimal place), between the average value of the North American Industrial Classification System (NAICS) Index for Air Courier Services (NAICS 4921102) for the most recent 12 full months for which the index has been published, on or before 90 days before the said anniversary date, and the average value for the 12 months immediately preceding that period.

(c). Preliminary monthly data is published approximately 30 days after the close of a month and may be revised up or down as late as four to five months after publication. Therefore, in order for the adjustment of unit prices to be timely, the 12-month average will use preliminary data for the last several months of the adjustment period.

(d). The preliminary data used in determining the annual average shall become the base data for future economic price adjustments.

(e). Index figures used to determine an escalation factor for price adjustments that are subsequently revised by the Bureau of Labor Statistics (e.g., amending formerly released indices by removing or replacing components within the index, describing revisions by footnote or appendix, significantly altering the method of calculating the index, or any other method; but not including the routine corrections described in paragraph a above) shall not warrant a retroactive price adjustment under the terms and conditions of this contract. The revised data will only be used in the establishment of new base year data and prospective adjustments. In the event publication of the index is discontinued, the parties shall agree upon an appropriate substitute index.

(f). The following is an example for information purposes only: Contract performance start date is 01 Oct 01. The first price adjustment will take place on 1 Oct 02. To determine the percent change, the annual average will be based on the last 12 full months of indices published 90 days prior to the contract performance anniversary date of 1 Oct. As preliminary monthly data is published approximately 30 days after the close of a month, for a contract performance anniversary date of 1 Oct, the adjustment will be calculated using Jun through May data.

For Example Purposes Only.

	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	YR AVG	%Chg
2001	134.4	134.4	134.4	134.4	134.4	134.4	133.6							
2002								134.7	133.8	134.1	134.5	135.0	134.34	
2002	137.74	137.4	137.1	137.5	137.7	138.6	138.4							
2003								141.4	140.7	140.5	142.2	142.2	139.26	3.5%

In this example, the annual adjustment would be $[1 - (134.4/139.26)] \times 100 = 3.53$ or 3.5% for the option year.

25. CURRENCY - REVALUATION

(a). The unit prices in this contract are fixed in the currency of the origin account and unless otherwise agreed to between the shipper and the contractor at account setup, billing shall be in U.S. Dollars (USD).

(b). With respect to payments made in USD, the currency exchange rates used for the purpose of this clause shall be determined by the weekly rate of exchange (corresponding to the ship date), published in the Wall Street Journal, OANDA, or another mutually agreed upon source.

(c). Exchange fees, for converting foreign currencies to USD, shall not exceed those fees published in the contractor's international commercial service guide (latest edition).

26. USE OF NON-GOVERNMENT ADVISORS

Offerors are advised that the Non-government advisor: Kepler Research, Inc. shall avoid any potential organizational conflicts of interest. Kepler Research, Inc. is required to protect the offeror's proprietary data and government source selection information. Additionally, this clause prevents Kepler Research, Inc. from participating as an offeror, a subcontractor, or as a consultant to an offeror/subcontractor in relation to this acquisition participation.

STATEMENT OF WORK-ATTACHMENT ONE

**WORLDWIDE EXPRESS (WWX-3)
STATEMENT OF WORK (SOW)**

1. Description of Services.

1.1. Scope of Contract. The purpose of this contract is to provide international commercial express small package service for the United States (US) federal government. Express service includes time-definite, door-to-door pick-up and delivery, transportation, in-transit visibility (ITV), PowerTrack participation, and expedited customs processing and clearance of extremely urgent letters and small packages weighing up to and including ISO lbs 68 kgs.

1.1.1. Service will be required from Continental United States (CONUS) to Outside Continental United States (OCONUS), OCONUS to CONUS (retrograde routes), and OCONUS to OCONUS locations (lateral routes). CONUS includes Alaska, Hawaii, and Puerto Rico. Minimum requirements are identified in Exhibit C

1.1.2. This contract is a mandatory source for all Department of Defense (DOD) requirements within the scope of this contract. In addition, civilian federal agencies organizations that have agreed to use this contract as a mandatory source are identified in Exhibit A

1.1.3. Civilian federal agencies/organizations not specifically identified in Exhibit A may use this contract after award, if approval is received from the Contracting Officer's Technical Representative (COTR) and if mutually agreed upon by the contractor. Agencies and organizations that sign up to use the contract after award will be considered mandatory users and will be bound by the terms and conditions of this contract.

1.1.4. Third (3^d) party logistics contractors, cost-reimbursable contractors and Defense Logistics Support Command (DLSC) integrated logistics management contractors (e.g., prime vendor, virtual prime vendor, on-demand manufacturing, quick response, corporate contracts, and E-mail contractors), as approved by the Agency Contracting Officer's Representatives (ACORs), may also use this contract for official business conducted on behalf of the US federal government, if mutually agreed upon by the WWX-3 contractor. Invoicing and billing procedures shall be mutually agreed upon between the third-party contractor, the sponsoring agency, and the WWX-3 contractor.

1.2. Basic Service. Provide international commercial express small package door-to-door service for all locations listed to and from all locations listed in Exhibit C.

1.2.1. Contract prices for basic service shall be inclusive of all charges.

1.2.2. Restrictions imposed on the contractor by the receiving country or territory shall prevail.

1.2.3. Transit times shall be inclusive of customs processing and the 24-hour loss or gain from the international date line.

- 1.2.4. Provide pick-up and delivery at government facilities, commercial addresses, and private residences each business day between the hours of 8:00a.m. and 4:00p.m. local time, unless other specific arrangements are made between the shipper and contractor.
 - 1.2.4.1. The shipper shall provide the contractor complete address information without acronyms or abbreviations (e.g., Major John Doe, Patch Barracks, Room 300, Katzenbach Strasse, 70569 Stuttgart-Vaihingen, Germany).
- 1.2.5. Provide pick-up at contractor lock/drop boxes during the same hours as provided to their commercial customers.
- 1.2.6. The day of pick-up does not count toward the number of transit days.
- 1.2.7. Delivery shall be considered complete when the consignee or an individual at the location accepts the package(s) and, if required, signs for receipt.
- 1.2.8. When authorized by the shipper on the commercial bill of Lading (CBL), electronic commercial forms and procedures (CF&P), government bill of lading (GBL), or other government documents as approved by the Agency Contracting Officer's Representative (ACOR) (i.e. 68B) hereafter the "order," the shipment shall be considered delivered when the shipment is left without signature at the front door of the consignee's address.
- 1.2.9. Attempted Delivery. Attempt to deliver a shipment three times before contacting the shipper for disposition instructions. The contractor shall leave a notice of attempted delivery on each delivery attempt. For purposes of contract performance, delivery shall be considered accomplished on the date of the first delivery attempt. The cost of any further disposition, or additional deliveries requested by the shipper, will be the responsibility of the shipper.
- 1.2.10. Refusal by Consignee. If a consignee refuses to accept a delivery, the contractor shall annotate refusal on the order with date, time, and name of person who refused and contact the shipper for disposition instructions. For purposes of contract performance, delivery shall be considered accomplished on the date of the first delivery attempt. Changes in address for delivery will be the responsibility of the shipper and billed accordingly.
- 1.2.11. Delivery Commitment Guarantee.
 - 1.2.11.1. Meet the delivery commitment on each shipment or the shipper will be entitled to a shipper-initiated credit.
 - 1.2.11.2. If requested by the shipper within 30 days of the contractually required delivery date, the contractor shall either not bill or shall credit agency or organization finance offices for those shipments that do not meet the delivery commitment. At the High Volume Shipping Locations identified in Exhibit D, the contractor shall establish specific procedures for obtaining credits tailored to the unique requirements of these locations.

- 1.2.11.3. In accordance with FAR 52.212-4(£), delivery commitments do not apply when delays in delivery are caused by acts that are beyond the fault or negligence of the contractor.
- 1.2.11.4. For shipments to and from locations other than those identified in Exhibit C, shippers will call the contractor to obtain a delivery commitment.

1.3. **Non-Basic Service.** Provide additional international door-to-door small package services not specified in this contract, but listed in the service provider's KSG (latest version) and available to commercial customers. Note: The single package weight limit of 150 lbs applies to Non-Basic services.

- 1.3.1. For non-basic service, the customer will call the contractor to obtain the required service commitment. The contractor will identify to the shipper at this time, what KSG was quoted to include publishing date, and the commercial rate applicable.
- 1.3.2. All service provided and billed as non-basic service will be at the contractor's commercial rate, reduced by the discount identified in the contractor's pricing schedule.

1.4. **Accessorial Service Not Separately Priced.** Provide accessorial service for accessorial services listed in the service provider's KSG (latest version) and available to commercial customers, when requested.

- 1.4.1. Customers will call the contractor to obtain the details for the required service commitment. The contractor will identify to the shipper at this time, what KSG was quoted to include publishing date, and the commercial rate applicable.
- 1.4.2. All available accessorial service, not separately priced, will be billed at the contractor's commercial rate, reduced by the discount identified in the pricing schedule.

1.5. **Intransit Visibility**

- 1.5.1. Provide the capability for Intransit visibility (ITV) for all shipments from the date and time of pick-up to the date and time of delivery using a government-furnished transportation control number (TCN), shipper's reference number, and the contractor's unique identifying CBI number.
- 1.5.2. ITV information shall include as a minimum: dates and times for shipment origin departure, trans-shipment points, and destination arrival; proof of delivery with consignee's name (if applicable); and delay codes (if applicable). When shipments are delivered without obtaining a signature, the ITV system shall record the location where the shipment was left.
- 1.5.3. Update ITV shipment status information each day at least the same number of times as required for commercial customers.
- 1.5.4. Provide ITV information via the Internet and toll free telephone service (CONUS locations 24-hour service; OCONUS locations during normal business hours).

1.6. **Supply Chain Security.** The contractor shall follow their commercial security and customs procedures to safeguard packages against theft, loss, tampering, or damage.

2. Service Delivery Summary

Performance Objective	SOW para.	Performance Threshold
Meet the on-time delivery requirements for each shipping location.	1.2.3	Minimum on-time performance per destination as identified in the Performance Matrix, Exhibit C.

3. Government Furnished Property

Reserved.

4. General Information

4.1. Global Transportation Network (GTN21) Interface.

4.1.1. Provide interface with the DOD's Global Transportation Network (GTN21). The contractor shall provide the GTN21 Program Office with an ANSI ASC X12 214 message set for event reporting as required in attached Exhibit H. The contractor shall provide this information without restriction.

4.1.2. Development and execution of EDI transaction sets within the scope of the contract will be agreed upon, detailed and documented in the standard Military Traffic Management Command trading partner agreement prior to contract performance.

4.1.3. The trading partner agreement (TPA) information can be accessed via MTMC web page at www.IDtrnc.army.mil/CONTENT_2494_TPA011203.pdf

4.1.4. The contractor must be capable of providing an accurate data feed to GTN21 in accordance with Exhibit H, in order to start performance

4.1.4.1. The Notice to Proceed will identify a performance start date no earlier than 1 Oct 04 but no later than 1 Dec 04 and will allow at least 30 days between submission of an acceptable GTN21 data feed and performance start. For example, to start performance on 1 Oct 04, the contractor would have to submit an acceptable GTN21 data feed by 31 Aug 04.

4.2. High Volume Shipping Locations (HVSLS). At the high-volume shipping locations identified in Exhibit D (greater than 7,000 estimated shipments per year), Saturday pick-up (for dock clearing purposes only), multiple pick-up points, multiple delivery points, and multiple pick-up times are required at no additional cost to the government. The contractor shall work with local transportation offices to

make arrangements for providing these services at these locations. As volume dictates, revisions to this list may be accomplished by modification through the Contracting Officer.

4.3. Contingency/Redirection/Surges. In the event of a contingency/state of war (declared or not), where the shipments are undeliverable to a location/country, the contractor shall contact the Program Management Office (PMO) at Headquarters Air Mobility Command, Scott AFB IL for possible redirection of shipments. The PMO will coordinate with the appropriate government offices, agencies, and contractor to ensure proper receipt and ultimate delivery of redirected shipment to the consignees. If any such redirection causes an increase or decrease in the cost of performance, the contractor shall notify the Contracting Officer in writing as soon as practicable. Such changes will be handled in accordance with FAR 52.212-4(c) and (d). During a contingency/surge, the contractor may be required to support two to three times the normal government traffic flow, at the same level of service prior to the contingency/surge.

4.4. Size/Weight Limitations.

- 4.4.1. The contractor will round up to the next higher lb/kg if the shipment contains a fraction of a lb/kg.
- 4.4.2. The size of an individual package shall not exceed 150lbs/68 kgs or 108" in length and 130" in length and girth combined.
- 4.4.3. All shipments on the same airbill that are shipped from one shipping system (same location and account number), at the same time, destined to the same consignee, shall be aggregated for the lowest cost.
- 4.4.4. The total weight of a multiple package shipment shall be unlimited; however, no single package in a multiple package shipment shall exceed 150 lbs/68 kgs, or 108" in length and 130" in length and girth combined. Multiple package shipments shall be consolidated on the same order up to the contractor's commercial practice for number and type of shipment.

4.5. Adjustment of Shipment Weight.

- 4.5.1. When applicable, dimensional weight shall be calculated by the contractor using the following formula: Length x Width x Height divided by 166 equals dimensional weight (all measurements in inches). The contractor shall charge the greater amount of the actual weight or the dimensional weight. For shipments tendered in kilograms (kgs) and centimeters (cms), the dimensional weight shall be calculated using the following formula: Length x Width x Height divided by 5998 equals dimensional weight (all measurement in centimeters).
- 4.5.2. If the shipper does not indicate the shipping weight, the contractor shall weigh the package and annotate the weight. If the shipment weight listed on the order is different from the actual weight, e.g., as a result of reweigh or dimensional weight, or no weight was initially identified, the contractor shall indicate on the billing documents submitted to the paying activity those shipments that have been adjusted.

4.6. Shipping Systems. In accordance with the contractor's commercial procedures, the contractor shall provide at no additional cost to the government, a shipping system (hardware and software). The

shipment data used to justify providing shipping systems will be based on historical information. The shipping system shall be capable of printing shipping labels with a TCN bar-coded in Code 3 of 9 format and in clear text. The contractor shall have 30 days to provide shipping systems after request by a qualified shipper. This requirement includes delivery, installation/set-up, and initial training required on the system.

4.7. Customs.

4.7.1. The contractor shall provide duty-free customs clearance for all shipments.

4.7.1.1. The government will be responsible for complying with customs clearance procedures as dictated in Defense Transportation Regulation (DTR) Part V and properly completing all applicable customs documentation necessary for shipment.

4.7.1.2. In the event that a shipment is not duty free, the contractor shall process in the same manner provided for its commercial customers and shall properly itemize on all invoices.

4.7.1.3. Customs clearance procedures and updates can be reviewed in DTR Part V, Department of Defense Customs Border Clearance Policies and Procedures, which is available on the public web page at <http://www.transcom.mil/lit5 pt DTR-Part-V-030227.lit5 pt>

4.7.1.4. Serve as agent for performance of customs clearance and shall provide all customs forms necessary for customs clearance. Follow customs requirements as dictated in Defense Transportation Regulation (DTR) Part V when shipping to the countries specified in that directive. In ports that lack a U.S. military presence, contractors may certify that the WWX-3 cargo is eligible for duty free import (e.g. within NATO countries, contractors may sign the AE 302-1 customs form), as long as they receive prior approval from the applicable Unified Command and host nation. Contractors may also use appropriate commercial forms to clear customs, as long as these procedures are also approved by the applicable Unified Command and host nation. U.S. Forces will not pay customs duty, or any other charges, to host nations on WWX-3 cargo, except as specified in valid vendor delivery contracts or otherwise specified in DTR Part V.

4.7.2. The PMO will provide points of contact and phone numbers for assistance in customs clearance.

4.7.3. The contractor shall notify the shipper and consignee within 24 hours if government shipments are detained in customs.

4.7.4. Upon implementation of electronic customs procedures, contractors will begin using electronic customs procedures to clear cargo through participating countries.

4.8. Commercial Forms and Procedures (CF&P).

- 4.8.1. Provide all commercial forms (both electronically if available, and in hard copy form) necessary for the successful pick-up, transportation, and delivery of all items under this contract. Both the hardcopy CBL and electronic CF&P shall have a contractor's unique identifying CBL number.
- 4.8.2. Use CF&P for shipping and invoicing, unless the use of a GBL, or other approved document, is specifically required by individual shippers.
- 4.8.3. Terms and conditions of the GBL are applicable to shipments moving under CBLs, CF&P, or other approved documents.
- 4.8.4. Shippers are responsible for certifying that billed services are ordered and furnished and that charges are correct when using CBLs.
- 4.8.5. Both the hardcopy CBL and electronic CF&P shall have space for the shipper's reference number of 20 alpha-numeric spaces to be used for agency or organization internal billing reference number, accounting code, TCN, or any other agency number.
- 4.8.6. Within 30 days after award, the contractor shall provide a minimum of 25 CBLs to each account. For agencies and organizations that sign up to use the contract after award, the contractor shall provide a minimum of 25 CBLs to each account within five days after an account is established.
- 4.8.7. Unless otherwise permitted by statute, the Transportation Service Provider (TSP) must not demand prepayment or collect charges from the consignee. The TSP, providing service under the bill of lading, must present the original, properly certified GBL or bill of lading attached to an SF 1113, Public Voucher for Transportation Charges, when necessary, to the paying officer for payment.
- 4.8.8. The contractor shall provide customer service personnel familiar with the handling of claims for loss or damage of shipments made under the contract. The contractor is liable for loss and damage in accordance with their KSG (latest edition). All damaged shipments remain the property of the US government.
- 4.8.9. Receipt for the shipment is subject to the consignee's annotation of loss, damage, or shrinkage on the delivering TSP's documents and the consignee's copy of the same documents. If loss or damage is discovered after delivery or receipt of the shipment, the consignee must promptly notify the nearest office of the last delivering TSP and extend to the TSP the privilege of examining the shipment.
- 4.8.10. For the purpose of shipments, the last delivering TSP is the company named in block 17a of the Standard Form 1449, Solicitation/Contract Order for Commercial Items.
- 4.8.11. For the purpose of WWX shipments, shippers shall submit claims for loss or damage within 30 days from the contractually required delivery date. The contractor shall resolve claims within 90 days, or the same amount of time provided to their commercial customers, whichever is sooner.

- 4.8.12. Interest shall accrue from the voucher payment date on the overcharges made and shall be paid at the same rate in effect on that date as published by the Secretary of the Treasury pursuant to the Debt Collection Act of 1982 31 U.S.C. 3717).
- 4.8.13. Packing Requirements. Provide shippers packing material of a size and type that are provided to the contractor's commercial customers. An initial supply shall be provided when an account is established. Thereafter, the contractor shall provide additional quantities upon request from authorized shippers. All letter packages shall be prominently marked on the outside cover with the words, "Extremely Urgent" or "Private Carriage Authorized by Postal Regulations (39 CFR 320.6)."
- 4.9. Administrative Service Charge. All sales of contract items to authorized users shall incur contractor liability for payment of the Administrative Service Charge (ASC).
- 4.9.1. Administrative Service Charge Remittance. The contractor shall pay the U.S. Air Force an Administrative Service Charge (ASC). The contractor shall remit the ASC in U.S. dollars within 30 days after the end of each quarterly reporting period as established in the section titled, 4.10 Contractor's Report of Sales. The ASC equals 1% (one percent) of total revenues received. The ASC reimburses the U.S. Air Force for the costs of operating the Worldwide Express Program.
- 4.9.2. The contractor shall consolidate all actions for the reporting period into one payment. To ensure that the payment is credited properly, the contractor shall identify the check or electronic transmission as a "World Wide Express (WWX) 1% Admin Fee, EEJC 4543K" and include the following information: contract number; report amount(s); and report period(s). If the contractor makes payment by check, provide this information on either the check; check stub, or other remittance material.
- 4.9.3. If paying the ASC by check, the contractor shall forward the check to the following address:
- DFAS-AIMAD/OM
ATTN: AMC World Wide
Express P.O. Box 7040
Bellevue, NE 68005-1940
- 4.9.4. If the full amount of the ASC is not paid within 30 calendar days after the end of the applicable reporting period, it constitutes a contract debt to the United States Government under the terms of FAR 32.6. The Government may exercise all rights under the Debt Collection Act of 1982, including withholding or setting off payments and interest on the debt (see FAR 52.232-17, Interest).
- 4.9.5. If the contractor fails to submit sales reports, falsifies sales reports, or fails to pay the ASC in a timely manner; the Government may terminate or cancel this contract. Willful failure or refusal to

furnish the required reports, falsification of sales reports, or failure to pay the ASC timely constitutes sufficient cause for terminating the contractor for cause under the termination provisions of this contract.

4.10. Contractor's Report of Sales.

- 4.10.1. The contractor shall report the quarterly dollar value (rounded to the nearest whole dollar) of all sales and revenue received under this contract by calendar quarter (i.e., January-March, April-June, July-September, and October-December). The dollar value of a sale is the price billed/invoiced to each customer for products and services requested under this contract as identified in each CLIN/SLIN and the revenue is the money received by the contractor. The reported sales and revenues shall be inclusive of the Administrative Service Charge.
- 4.10.2. The contractor shall report the quarterly dollar value of sales to the Administrative Contracting Office identified on the SF 1449, block 16, and to the Payment Office identified on the SF 1449, block 18. The Contractor shall report sales separately for each Contract Line Item Number (CLIN) to the Sub-Line Item Number (SUN) level. If no sales occur, the contractor shall show zero on the report for each separate CLIN or SUN.
- 4.10.3. The contractor shall report all sales in U.S. Dollars regardless of the currency the monies were billed/invoiced in. The contractor shall convert the total value of sales made in foreign currency to U.S. dollars using the procedure identified in the solicitation section titled, "CURRENCY - REVALUATION".
- 4.10.4. The report is due 30 days following the completion of the reporting period. The contractor shall also provide a closeout report within 120 days after the expiration of the contract. The contract expires upon physical completion of the last, outstanding order issued under the terms of the contract. The closeout report shall cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the contractor reported all revenues and reconciled all errors and credits on the final quarterly report, then the contractor shall show zero revenues in the closeout report. The contractor shall remit any monies due as a result of the closeout report at the time the closeout report is submitted.
- 4.10.5. The report of sales and revenues or the closeout report shall accompany the submission of the Administrative Service Charge to the Payment Office.

4.11. Ordering. Only agencies and organizations with a contractor account number are authorized to order services under this contract. For the purposes of this contract a CBL, electronic CF&P, GBI, or other government document as approved by the Agency Contracting Officer's Representative (ACOR) (i.e. 688), shall constitute the order.

4.12. Account Number.

- 4.12.1. The contractor shall assign account numbers to shipping locations, if one does not already exist, to all mandatory agencies identified in Exhibit A, before the effective date of contract performance.
- 4.12.2. The contractor shall, when requested by the agency and approved by the ACOR and contractor, assign account numbers to new accounts.

4.13. Invoicing/Billing Payment

4.13.1. PowerTrack

- 4.13.1.1. The contractor shall participate in U.S. Bank's PowerTrack billing and payment system, to include participation in prototype efforts. Other than for prototype efforts, the contractor shall begin using PowerTrack for billing and payment processing at the start of the contract period or not-later-than 30 days after notification from the Agency Contracting Officer's Representative (ACOR) that the shipper's system has been certified to provide an accurate data interface between the shipper, contractor, and U.S. Bank. The contractor shall contact U.S. Bank and arrange for system setup, training, and project management/implementation. In addition, the contractor shall sign and execute an agreement with U.S. Bank.
- 4.13.1.2. PowerTrack is an automated on-line payment processing and transaction tracking system that supports logistical transactions. It consists of five primary functions: (1) electronic data transmission, (2) payment approval process, (3) electronic payment and billing, (4) communication for dispute resolution, and (5) customized data analysis.
- 4.13.1.3. Information regarding PowerTrack capabilities is described in the GSA Contract No. GS-23F-98002, Task Order DOD-Purchase-97-0001, Modification No.4, or can be obtained from the MRM #15 Program Management Office at USTRANSCOM TCJ4-LT, (618) 229-1985. Information can also be obtained by accessing the U.S. Bank website address at www.usbank.com/powertrack or by contacting U.S. Bank at (612) 973-6156.

4.13.2. Non-PowerTrack Accounts

- 4.13.2.1. The contractor shall provide commercial invoices to all accounts for billing purposes. Specific format and method of transmission (EDI or non-EDI) will be in accordance with the contractor's commercial practice. The contractor shall accept paper or electronic GBLs, CBLs, or the contractor's shipment manifest system for billing.
- 4.13.2.2. The contractor shall provide for a 14-day billing period, unless alternate arrangements are made between the shipper and the contractor for a different billing period. (The billing period will not apply for certain payment options such as government credit card, EDI billing, and some contractor shipping systems.)
- 4.13.2.3. The contractor's invoice shall contain, at a minimum, the shipping agency account number and detailed listing of each shipment to include: shippers reference number/TCN, destination, date of shipment, weight, accessorial cost, and total cost and the billing method (as shipping agency, as consignee, as third party). Proof of Delivery information shall be included if available to commercial customers.

4.14. Government Bill of Lading (GBL) or Alternate Forms. The contractor shall sign for shipment from authorized shippers. The shipping office will provide the contractor with copies of GBLs, or other government documents as approved by the Agency Contracting Officer's Representative (ACOR) (i.e.

68B) for the shipment. The contractor shall send a copy of the GBL, or alternate document, and invoice (either electronically or manually) to the appropriate payment office. In instances where a GBL or alternate document is used, the shipper will also complete the contractor's international airbill.

4.15. Government Purchase Card (GPC). The contractor shall accept the GPC as a method of payment when used by the ordering agencies.

4.16. Contractor Reports.

4.16.1. The contractor shall be capable of commencing the first reporting period not later than 60 days after contract award. Reporting is required for all movement under this contract inclusive of service provided as accessorial service not separately priced (NSP) or non-basic service.

4.16.2. The contractor must be capable of providing reports in an EDI and non-EDI format.

4.16.2.1. Provide record layouts of EDI format and Account Number Report to identify the name, data type, and length of each field.

4.16.3. The contractor shall submit all reports by the 25th of each month for previous month's activity. Reports shall include monthly totals for each element as well as year-to-date totals for each element.

4.16.5. The following information is required for government oversight and management and shall be provided to the PMO, Contracting Officer (CO), HQ AMC/A38B, and/or COTR as indicated. The Detail Report, Exhibit F, will be the master data source and all additional reports will be developed using this as the data source with the same reporting periods.

4.16.5.1. On-Time Performance Report. Required monthly, the government requires on-time delivery performance measurements for each region/high volume route/lateral movement (as well as each country within a region). The following information is required: total number of shipments, number and percentage of shipments delivered in accordance with the contract terms for time of delivery, and number and percentage of shipments delivered with authorized delays (Distribution: CO, PMO, and COTR.)

4.16.5.2. Summary Shipment Volume Report. Required monthly, this report shall include the monthly shipment totals for each theater, region, high volume route, lateral, retrograde routes, and non-basic service, along with total weight, billed shipments, billed weight, costs, and year to date grand totals for all required elements. (see Exhibit G) (Distribution: CO and PMO.)

4.16.5.3. Detail Report. Required monthly in electronic (Pipe Delimited Text File) and when requested, in hardcopy format. See Exhibit F - Detail Report Required Data Element Fields. (Distribution: CO, PMO, HQ AMC/A38B and upon request to the COTR, or ACOR).

4.16.5.4. When requested by an individual ACOR, the contractor must provide a report summarizing the ACOR's agency activity in the formats listed above.

4.17. Contract Service Guide (KSG). The contractor shall provide contract service guide information via their commercial website. The Worldwide Express (WWX-3) service guide shall include information concerning the services provided, rates, and other information relative to the contract.

4.17.1. At a minimum, the following information shall be included: Countries and cities served, shipping rates, TCN/shipper's reference number/airbill tracking/tracing, contract services, shipping instructions, weight and dimensional limitations, and points of contact and their telephone numbers. Approved changes, revisions, or additions shall also be published on the Internet.

4.18. Technical and Service Support. The contractor shall provide toll free telephone service for technical and service support at the same level provided to its commercial customers.

4.19. Technical and Service Enhancement. During the contract, the contractor shall provide updated or new technology, updated or new basic service features, and updated or new accessories provided to its commercial customers.

4.20. Regular Meetings. The Contracting Officer or COIR may request status and performance review meetings to be held at a government location at no additional charge. The government anticipates at least one yearly meeting and semi-annual meetings held on an as needed basis. Worldwide Express customers shall be invited to attend status and performance review meetings. The purpose of the meetings will be to discuss contract performance and address contractor/customer concerns.

4.21. Installation Security. While on military installations or on military portions of civil installations, contractor personnel shall comply with security regulations promulgated by the military installation commander. Security regulations are directive in nature and shall be adhered to by all contractor personnel. In addition, the contractor shall (consistent with their commercial procedures), provide a method to protect the integrity and proper functioning of all equipment and systems involved in the operation of this contract. Any equipment and information processing systems containing government information shall have security measures to protect against unauthorized disclosure.

4.22. Post Contract Requirements. The contractor shall be required to process all outstanding claims based on service failures, such as loss and damage and late deliveries, and shall continue to generate and distribute all records, reports, and copies of documents pertaining to the contract until all activity under this contract is complete.

4.23. Worldwide Express Website. Information on the worldwide express program, to include the contracts, how to open an account, authorization procedures for commercial contractors, high volume

route rate comparisons, reports, and a rate calculator, among other subjects, is easily accessed by all customers on the Internet at https://amcpubli.c.scott.af.mil/www_wwx.htm

4.24. Contracting Officer's Authority. Notwithstanding any provision contained elsewhere in this contract, the Contracting Officer is the sole person authorized to make or approve changes in the terms and conditions of the contract. In the event the contractor makes any changes at the direction of someone other than the Contracting Officer, the change will be considered to have been made without authority, and no adjustment will be made in the contract price to cover any resulting increase in costs thereof.

4.25. Contractor Point of Contact. Not later than calendar days after contract award, the contractor shall identify (in writing to the attention of the Contracting Officer) the name, address, and phone number of the point of contact for administrative matters.

**EXHIBIT B
DEFINITIONS**

Accessorial Services: Contract services in addition to basic service.

Agency/Organization: An agency or organization eligible to use the services of this contract.

Agency Contracting Officer's Representative (ACOR): A person designated in writing to the Contracting Officer's Technical Representative (COTR) to act as the official representative for the agency.

ASC X-12: American Standards Committee X12 develops, maintains, interprets, publishes and promotes the proper use of American National and UN/EDIFACT International Electronic Data Interchange (EDI) Standards. The ASC X12 body meets periodically to develop and maintain EDI standards. Its main objective is to develop standards to facilitate electronic interchange relating to business transactions. X12 standards facilitate transactions by establishing a common, uniform business language for computers to communicate. With more than 275 transaction sets, X12 standards can be used to electronically conduct nearly every facet of business-to-business operations. Detailed information can be obtained thru X12 website:
<http://www.x12.org/x12org/about/index.html?whatis.html>

Business Days: For CONUS, Alaska, and Hawaii, Monday through Friday, except federal holidays. For the Commonwealth of Puerto Rico, Monday through Friday, except federal holidays and Commonwealth of Puerto Rico holidays. For international locations, a day during which business is normally transacted by most companies or organizations within a particular foreign country or territory, except designated holidays observed by the foreign country or territory.

Civil Reserve Air Fleet (CRAF). A program managed by the Air Mobility Command (AMC), which provides for airlift services in the national and international CRAF segments for the Department of Defense (DOD). The CRAF program is designed to augment military airlift capabilities with commercial aircraft during airlift emergencies, national emergencies, or activation of CRAF.

Commercial Bill Of Lading (CBL): A document provided by the contractor and used for the purpose of identifying goods to be transported and as a method of billing for services; also known as an air waybill.

Commercial Form: A commercial uniform bill of lading, a commercial express receipt, or any other commercial instrument constituting a contract of carriage subject to the terms and conditions set forth in Standard Form 1103, U.S. Government Bill of Lading (41 CFR 101-41.302-3).

Commercial Forms and Procedures (CF&P): A shipment made using commercial forms and commercial billing procedures instead of a Government Bill of Lading (SF 1103) and its related billing procedures (41 CFR 101-41.304-2).

Commercial Service Guide (CSG): A guide or publication issued by a commercial carrier that is applicable to the general public, explaining the various services the carrier offers as customary commercial practice.

Consignee: The recipient (unit, depot, or person) to whom cargo is addressed or consigned for final delivery. Activity, agency, or organization that is receiving the product.

Consignor: The person, activity, agency, or organization that is the supplier or shipper of a product—the originator of a shipment.

Contingency Operations: Operations declared by the National Command Authorities that involve the use of U.S. military forces to achieve U.S. objectives, usually in response to an emergency caused by natural disasters, terrorists, subversives, or required military operations. The National Command Authorities are the President and the Secretary of Defense or their duly deputized alternates or successors.

Contract Service Guide (KSG): A guide or publication prepared by the contractor, explaining contract service features available under the contract.

Contracting Officer (CO): A DOD employee (military or civilian) with the authority to enter into, administer, and/or terminate the contract and make related determinations and findings.

Contracting Officer's Technical Representative (COTR): A designated individual with authority to act on behalf of the contracting officer. For the purposes of this contract, the CO will designate a COTR for civilian agencies and a COTR for DOD agencies. The COTR is not authorized to make any commitments or changes that will affect price, quality, quantity, delivery, or any other term or condition of the contract.

CONUS: All states within the contiguous United States, including the District of Columbia (DC). For the purposes of this contract, this includes Alaska, Hawaii, and Puerto Rico.

Cost-Reimbursable Contractor: A contractor who has been awarded a cost-reimbursement type contract by the government that provides for payment of allowable incurred costs (to the extent prescribed in the contract) by the agency or organization, which awarded the contract.

Customs Clearance: The process of ensuring dutiable and non-dutiable items are declared and forms properly annotated for entrance into a foreign country.

Day: For the purposes of this contract, "Day" means, unless otherwise specified, a calendar day.

Delivery: Delivery of a shipment to the office or front door of the residence of the consignee or responsible individual at the destination address, unless other arrangements are made between the consignor and the contractor (e.g., delivery at a central receiving location).

Deferred: Slower and cheaper than standard service (filler cargo). Faster than surface movement.

Dimensional Weight: The chargeable weight computed on the basis of volume rather than actual weight.

Door-to-Door: Pick-up from the shipper/consignor and delivery to the consignee.

Duty: The charge assessed by a government on imported dutiable shipments.

Electronic Commercial Forms And Procedures (CF&P): A paperless system where a shipment is initiated electronically (EDI or direct link to contractor's computer system).

Electronic Data Interchange (EDI): The electronic exchange of transportation information by means of electronic transmission of the information in lieu of the creation of a paper document.

Express: Premium transportation for expedited delivery. Limited to the movement of ONLY high transportation priority cargo requiring time definite delivery.

Extremely Urgent Letters: Defined in 39 Code of Federal Regulations (CFR), Chapter 1, Parts 310 and 320, the mark of which must be annotated on envelopes in accordance with the Express Statutes.

Federal Holidays:

New Year's Day
Martin Luther King Jr. Day
Presidents' Day
Memorial Day
Independence Day

Labor Day
Columbus Day
Veterans Day
Thanksgiving Day
Christmas Day

The above holidays apply to shipments to and from the 50 United States and the Commonwealth of Puerto Rico. The contractor shall be required to include any day designated as a holiday by Federal Statute or Executive Order.

General Commodity: Any dutiable or non-dutiable item that is not otherwise restricted from carriage by the Contractor and is transported as customary commercial practice.

Global Transportation Network (GTN21): A government system that provides the United States Transportation Command (USTRANSCOM) and its component commands information from existing government and commercial transportation computer systems. The integrated data is used to plan, provide, and control common user airlift, surface lift, and terminal services to deploy and sustain DOD forces on a global basis in peace and war.

Government Bill Of Lading (GBL): A government document (Standard Form 1103) used to procure transportation and related services from commercial carriers.

Government Contract Number: The number assigned to the contract as a result of this solicitation.

Hardcopy Reports: Information provided in paper format.

Hazmat: A substance or material that has been determined by the Secretary of Transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce and that has been so designated. The term includes hazardous substances, hazardous wastes, marine pollutants, elevated temperature materials, materials designated as hazardous

under the provisions of the Code of Federal Regulations (CFR) Title 49, Parts 172.101 and 172.102, and materials that meet the defining criteria for hazard class and divisions in CFR Title 49, Part 173.

Implementation Period: The period of time between the contract award date and the date the contractor starts providing contract service.

International Holiday: A day in which foreign custom or the law within the foreign country or territory dictates a cessation of general business activity to celebrate or commemorate a particular event. The contractor shall observe, as a holiday, the same international holidays observed in each foreign country or territory rendered as customary commercial practice.

Internet: A large collection of inter-connected computer networks.

Industry Information Processor (I2P): A standard industry-shipping label that contains information required for movement by express carriers as well as within the Defense Transportation System.

Letter/Letter Pack: A small package used by the contractor to ship extremely urgent letters (approximately 9 ½" x 12 ½"). The package shall be prominently marked on the outside cover with the words, "Extremely Urgent" or "Private Carriage Authorized by Postal Regulations (39 CFR 320.6)."

Manifest: Documentation used for multiple package shipments on the same CBL, electronic CF&P, or GBL, in lieu of individual bills of lading for each shipment.

Next Business Day: The business day following the day of pick-up.

Next Flight Out (NFO): Service provided on the next available flight for international air shipments. Shipment may be required anytime during a 24-hour period, no specific time for pickup or delivery stated (consignor may insert time requirements, special pickup and/or delivery service may also be required).

OCONUS: Those locations located outside the 48 contiguous states (CONUS). For the purposes of this contract, Alaska, Hawaii, and the Commonwealth of Puerto Rico are considered part of CONUS.

Package: Any shipment that is not in an envelope or document package.

Pick-up: Pickup at the origin government or commercial office or front door of the private residence address of the consignor or responsible individual, unless other arrangements are made between the consignor and the contractor (e.g., pickup at a central location).

Receipt: A signature by the consignee verifying delivery of a package has been made.

Rest Day: A day other than a normal business day or holiday observed in a foreign country or territory by custom or law [e.g., certain foreign countries or territories may be closed for business on Friday (a U.S. business day) and consider Saturday and/or Sunday normal business days].

Retrograde: Those packages coming from OCONUS locations back to CONUS locations.

Second Business Day: The second business day following the day of pick-up.

Shipment: A single package or multiple packages tendered to a contractor by one shipper/consignor at one location at one time for delivery to one consignee at one location on one commercial or government bill of lading.

Shipper: The originator of a shipment, also known as the consignor.

Third Party Logistics Contractor: A contractor who provides warehousing, shipping, and arranged transportation services under contract.

Time-Definite Delivery: A shipment delivered within the specified period of request as set by the shipper/consignor.

Transportation Control Number (TCN): A 17-digit alphanumeric designator used by the DOD applied to each package or shipment to identify a shipment.

Warsaw Convention Liability Coverage: The liability coverage provided under the Warsaw Convention. The "Warsaw Convention" or "Convention" is the Convention for the Unification of Certain Rules relating to International Carriage by Air, signed at Warsaw, October 12, 1929, or that Convention as amended by the Hague Protocol 1955, whichever is applicable to the carriage or "carrier", including the air carrier issuing the air waybill and all air carriers that carry the goods or perform any other services related to the carriage.

Website: Space allocated to an organization or individual on a network, which may be accessed through the Internet.

Weight Break: A list of weights or weight ranges, which are used to calculate the cost to transport a shipment at that weight or weight range.

Year-To-Date Data: A cumulative summary of data compiled for the period starting at the beginning of the fiscal year, 1 October, and ending 30 September, which adds each month's data to the running total to arrive at year-to-date totals.

¹ The government's desired transit-times apply to each major city/DOD location and are expressed as business days. (The day of pick-up is not counted as a business day.) ⁽⁺⁾ Add one day for CONUS outbound shipments crossing the International Date Line. ⁽⁻⁾ Subtract one day for retrograde shipments crossing the International Date Line. **Documents** are typically defined as written material or items of low value. **Non-Document** items are typically defined as non-written material (e.g., parts) with a higher value assigned to them. The commodity classification determines whether the item is a document or non-document.

² The government's desired single package weight limitation is 150 lbs or less. Some countries may have lower weight restrictions, however, at no time shall the single package weight limitation exceed 150 lbs.

GTN21 DATA FEED REQUIREMENTS

Electronic Instructions:

1. Electronic Data Interchange (EDI) is the computer-to-computer exchange of business data in machine-readable using strictly defined public standards.
2. Implementation Convention (IC) defines the rules for filling in or "populating" an EDI transaction. Following the agreed upon convention, or version of the standard ensures that EDI partners will encounter fewer data quality problems during development and maintenance of their EDI systems.
3. ANSI ASC X12 is the American National Standards Institute (ANSI) who charters the Accredited Standards Committee (ASC) X12 to develop uniform standards for inter-industry electronic interchange of business transactions -- electronic data interchange (EDI).
4. Accredited Standards Committee X12 develops, maintains, interprets, publishes and promotes the proper use of American National and UN/EDIFACT International Electronic Data Interchange (EDI) Standards. The ASC X12 body meets periodically to develop and maintain EDI standards. Its main objective is to develop standards to facilitate electronic interchange relating to business transactions. X12 standards facilitate transactions by establishing a common, uniform business language for computers to communicate. With more than 275 transaction sets, X12 standards can be used to electronically conduct nearly every facet of business-to-business operations.
5. EDI status records are generated and populated from the ANSI ASC 214 messages. Messages are sent to the government value added network where they are mapped and forwarded to Global Transportation Network (GTN)
6. Defense Electronic Branch Exchange (DEBX) is an Electronic Data Interchange (EDI)-based Defense Information Systems Agency (DISA) system that is managed by the Joint Electronic Commerce Program Office (JECPO) to provide EDI messages to United States Transportation Command (USTRANSCOM) and other Department of Defense (DOD) agencies.
7. To get the latest version of the DOD 214, as well as the contact information for the DEBX, contact the USTRANSCOM Global Transportation Network, Program Management Office, Scott Air Force Base, IL at (618) 229-5025.
- 8: All records will require the following shipment identification (ID) number information to complete the link between GTN and Global Freight Management (GFM).
 - a. Transportation Control Number (TCN) or Bill of Lading (BOL)
- 9: All records will require the following reference number information (in multiple loops) to identify WWX-3 shipments.
 - a. Transportation Control Number (TCN) or Bill of Lading (BOL)
 - b. WWX-3 Government Contract Number

*Offerors shall enter Document (Doc) and Non-Document (Non-Doc) transit times (inclusive of customs processing). *Documents* are typically defined as written material or items of low value. *Non-Document items* are typically defined as non-written material (e.g., parts) with a higher value assigned to them. The commodity classification determines whether the item is a document or non-document.

**Offerors shall enter their on-time performance reliability percentage for each country and location served.

If service is not provided for any item, the offeror shall leave the applicable cell blank.
